wolfcraft - innovative impulses for do-it-yourself enthusiasts and professional tradespeople

Wolfcraft has been recognized as a pioneer for innovative tools and power tool accessories for demanding home improvement experts and craftsmen since 1949. As a results-oriented trade partner, we are well aware of the needs and interests of you and your customers, which we have been translating into competitive market solutions for over 60 years.

Our aims help you to get ahead!

Back then, it all began with Robert Wolff and his passion for quality craftsmanship and his ambition to always make good things a little bit better. This attitude has always been the motor of success for our family-run business and remains so to this very day. Each of our 450 employees at our production sites in Germany and Slovakia has internalized this commitment to quality. There we produce and assemble products with high-precision industrial machinery in perfectly coordinated teams, while applying our experience, specialized skills and quality craftsmanship to everything that we do. Together we meet and uphold the solid reputation of wolfcraft quality and punctuality in order processing - every single day.

Our capacity to innovate means keeping the future in focus for you

We know from experience: Innovation doesn't happen on its own. It requires consistent, steady effort combined with a keen sense for future developments. We concentrate on securing our mutual success by listening carefully to our customers and paying close attention to the market. This ensures that our goals remain in constant focus to maintain a leading edge in a global market to provide answers before the questions are even asked: Answers in the form of tools and power tool accessories that are a touch more productive, ergonomic, practical, precise and safer today than they were yesterday.

Welcome to wolfcraft

1.1 Roller stands / Workstands

The wolfcraft support trestle is the ideal aid for any interior work!

1 workstand - work support

foldable supports for fixing long parts, ideal for cutting jobs or as storage

- 3 adjustable soft clamps to protect the workpiece
- adjustable stops on the side prevent the workpiece from slipping away
- foldable supports for fixing long parts, ideal for cutting jobs or as storage
- can be folded for space-saving storage
- version: completely assembled
- working height 735 mm
- resting width: 620 mm
- packaging: sleeve

article no.	EAN 4006885...	description	max. loading	weight
6905000	...690509	1 workstand - work support	100 kg	3.385 kg

1.1 Roller stands / Workstands

the stable support is used for extending the bearing surface of a work table and for supporting long work pieces

the ball support allows the work piece to be fed in easily and moved in all directions, e.g. for milling

- can be used with all standard machine tables and workbenches
- for putting down and rolling off long boards, planks and slabs
- with a continuous height adjustment
- the stable support is used for extending the bearing surface of a work table and for supporting long work pieces
- the bearing-mounted supporting roller allows the materials to be fed easily in the processing direction
- the ball support allows the work piece to be fed in easily and moved in all directions, e.g. for milling
- can be folded for space-saving storage
- resting width: 300 mm
- packaging: sleeve
- complementary products: 6177000, 6182000, 6900000, 6900612, 6906000, 6906612, 6908000

1.4 Machine tables

MASTER cut 2000

Precision saw table and work station

One sawing table - five fields of application

Whether small or big boards - the master cut 2000 is ideal for precisely cutting any work piece to size.
It combines a circular saw bench, guided circular saw, milling table, jigsaw table in one device.
Thanks to its big work surface and the foldable legs it is also a big and mobile work station.

Advantages:

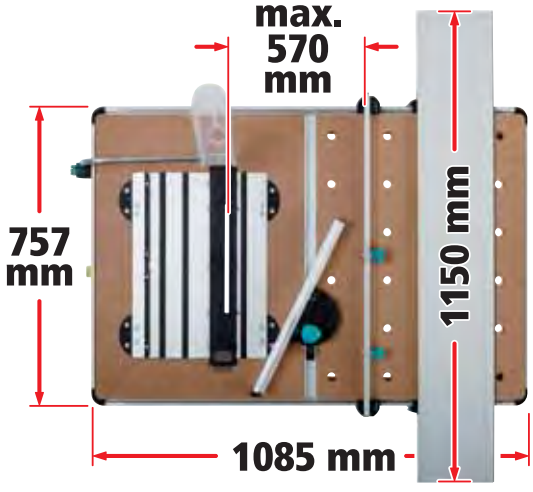
- multifunctional for all your projects; usable as table saw, hand-held circular saw, jigsaw, table, router table, work station
- precise cuts thanks to high quality guides and the guide bar
- mobile versatile use and space-saving storage
- robust and stable thanks to a sturdy base frame and a height-adjustable foot
- compatible for almost all types of hand-held circular saws, routers and jigsaws

Including:

- table with MDF working plate, foldable legs, machine plate
- switch clamp
- push stick
- safety shield
- safety switch
- 4 plastic jaws for securing the workpiece horizontally
- 2 quick clamps
- 3 split inserts for table saw, guided saw on guide bar and router / jigsaw
- guide rail 115 cm
- 2 insert rings 15 and 25 mm for routers
- angle stop
- parallel stop
- angle stop for guide rail

Technical data

- for circular hand saws with riving knife, up to a maximum cutting depth of 70 mm, saw blade diameter: 200 mm; machine plate dimensions: see pictogram (no cordless circular hand saws)
- for routers with max. 230 V, max. 1800 W, maximum machine plate diameter: 170 mm; maximum machine plate height: 20 mm; for maximum router diameters of 27 mm
- dimensions mounted: 1185 x 757 x 863 mm
- dimensions folded: 1085 x 757 x 213 mm
- bench top: 1035 x 695 mm
- working height: 863 mm
- drill hole diameter 20 mm
- max. height of the work piece: 60 mm for the table saw and guide bar
- max. cutting width with parallel guide: table saw 570 mm
- max. cutting length: guide bar 740 mm
- TUVdotCOM ID: 0000033448
- max. loading: 120 kg
- weight: 24 kg
- packaging: box
- separate accessories: 3456000, 3457000, 6102300, 6119973, 6901000



One sawing table - five fields of application

Circular saw bench
- perfect for cutting small and light work pieces to size that can be pushed over the table
- precise parallel cuts thanks to the free-of-play parallel guide
- mitre cuts between 0 and 65° thanks to the precise angular guide

Guided circular saw
- with wolfcraft guide bar and clamping jaws
- ideal for sawing big panels and boards thanks to the 80 cm long aluminium rail
- stop slide for precise repetitive cuts can be set to any angle between 0 - 70°
- the circular saw and the machine plate can be removed in virtually no time and used on the guide bar

Jigsaw table
- ideal for curved cuts
- unobstructed view at the marked line
- easy guidance of the work piece by hand

Mobile work station
- the big work surface made of impact resistant MDF comes up with many clamping possibilities
- robust and stable: stable base frame with a load-bearing capacity of up to 120 kg, height-adjustable foot
- versatile use and space-saving storage
- easy transport thanks to the light aluminium construction
- foldable legs for ergonomic work on the ground

Milling table
- Accessory - parallel milling guide (art. no. 6901000) turns the MASTER cut 2000 into a real router table

Warning:
Use of the router table is only allowed in combination with the parallel milling guide (Art. 6901000)!

article no.	EAN 4006885...	description	for

1.4 Machine tables

MASTER cut 1500

New universal work and machine table in accordance with the latest EU safety regulations.
For precise, stationary use of circular saws, jigsaws and routers.

Advantages:
- multifunctional for all projects
- can be used as a circular saw bench, jigsaw table, milling table in conjunction with milling guide No. 6901000 and work station
- high precision thanks to adjustable aluminium machine plate and easy machine mounting
- supporting frame with crossmembers for max. stability, mobile and space-saving thanks to quick folding system
- robust beechwood vice
- compatible with virtually all hand mounting of all commercially available circular hand saws, routers and jigsaws

Including:
1 angle stop
1 parallel stop
1 safety switch
1 push stick
1 switch clamp
1 safety shield
4 plastic jaws for securing the workpiece horizontally
2 insert rings 15 and 25 mm for routers

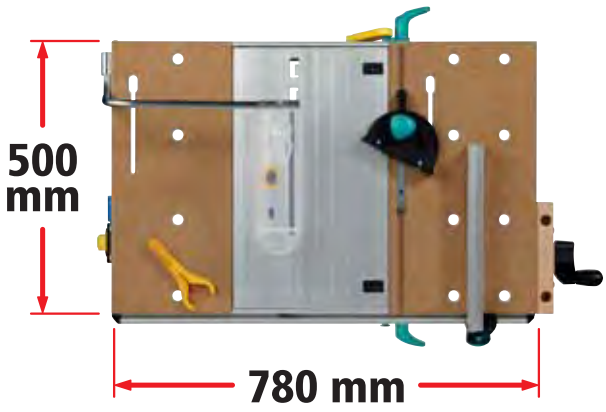
The mark of responsible forestry
FSC® C008243

Technical data:

• working height:	865 mm
• max. span / with clamping jaws:	120 - 620 mm
• size of bench top:	780 x 500 mm
• MDF plate:	495 x 500 x 23 mm
• machine plate:	285 x 500 mm
• worktops made from MDF and die-cast aluminium	
• dimensions mounted:	940 x 640 x 865 mm
• dimensions folded:	640 x 1145 x 195 mm
• weight:	17 kg
• max. loading:	200 kg

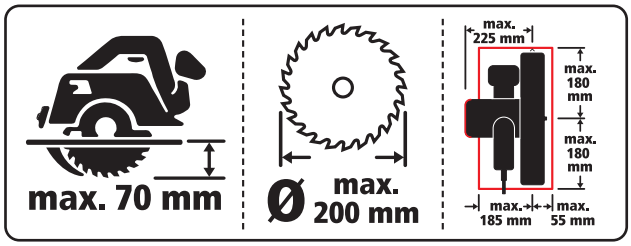
MADE IN EUROPE

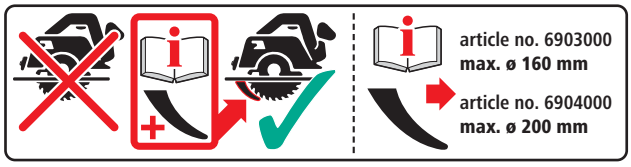
for circular hand saws:	with riving knife, up to a maximum cutting depth of 70 mm, saw blade diameter: 200 mm; machine plate dimensions: see pictogram (no cordless circular hand saws)
Instructions:	By using riving knife accessory Art. No. 6903000 (up to 160 mm) or Art. No. 6904000 (160 - 200 mm), circular hand saws can also be used without a riving knife.
for jigsaws:	all
for routers:	with max. 230 V, max. 1800 W, maximum machine plate diameter: 170 mm; maximum machine plate height: 20 mm; for maximum router diameters of 27 mm



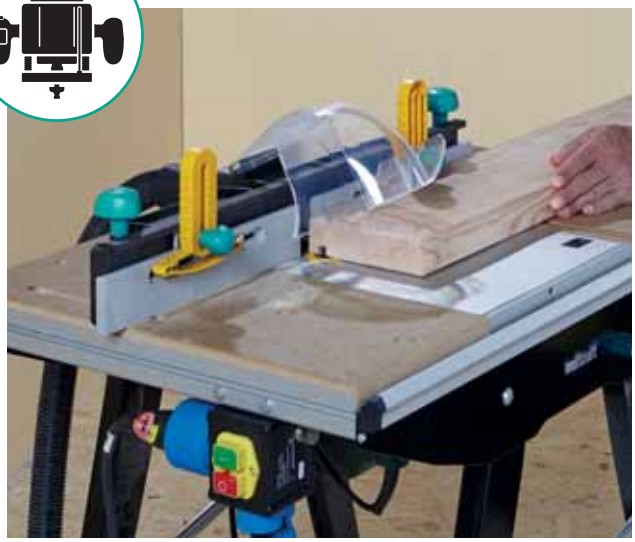
4 in 1: circular saw bench, sawing table, milling table and workbench

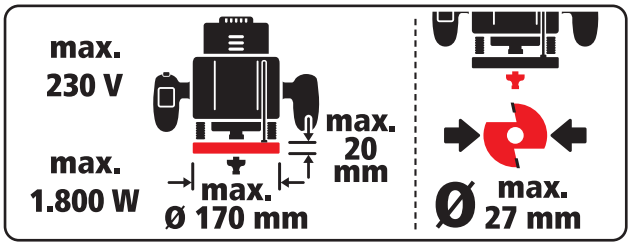
Circular saw bench

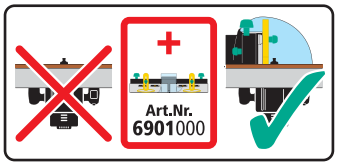




Milling table







Warning:
Use of the router table is only allowed in combination with the parallel milling guide (Art. 6901000)!

Jigsaw table

1.4 Machine tables

parallel cuts

curved cuts

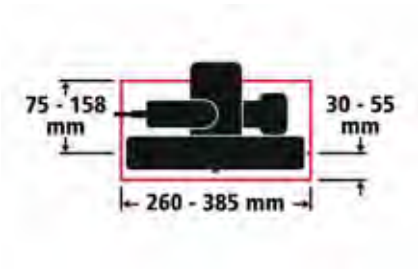
The ideal accessory for precision jigsaw work

Exact cutting thanks to a clear line of sight on the marked line and parallel stop. Less ragged edges with clean cut edges on the topside of the workpiece, due to simpler cutting from the underside of the material.

- two steel clamps for secure fastening to any work table with a thickness of max. 60 mm
- bench top 320 x 300 mm
- work top: galvanised
- for jigsaws: max. length of saw blade 100 mm
- including: 1 parallel stop
- packaging: covering box

article no.	EAN 4006885...	description	product dimensions
6197000	...619708	1 jigsaw table	320 x 300 mm

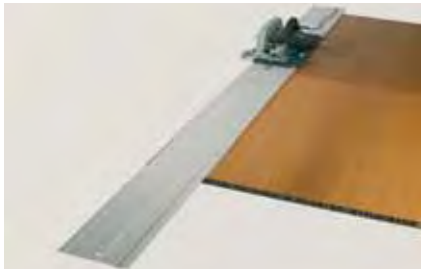
1.6 Guiding systems

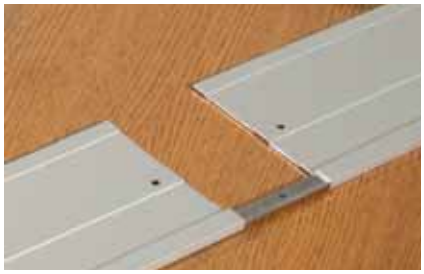


Universal and precise – the wolfcraft FKS 115 guide rail is the ideal accessory for circular saws

- machine: all commercially available circular saws up to a cutting depth of 66 mm and with a maximum base plate of 120-200 x 260-385 mm
- for precise, straight and long cuts – also angular cuts
- for cutting or shortening kitchen worktops, doors etc.
- the rubber lip reduces the risk of getting skips, marks the cutting edge at the same time and thereby ensures precise cuts
- fast and comfortable assembly of the circular saw, needs adjusting once only
- the skid-proof bottom and 2 clamps supplied will safely position the tool
- can also be used without any problems in areas far away from the edge and for angular cuts
- including: 2 clamps
- packaging: paperboard card
- separate accessories: 6911000

article no.	EAN 4006885...	description	product dimensions
6910000	...691001	1 FKS 115 - guide rail	1,150 x 50 x 242 mm





- allows the accurate processing of large work pieces
- simple and fast extension of FKS 115
- length of the guiding mechanism: 230 cm
- extension also with more than 2 rails possible
- only usable together with article No. 6910000!
- content:
  1 aluminium rail
  1 extension adaptor
- packaging: covering box
- suitable for 6910000

The parallel milling guide turns the MASTER cut into a real router table.

- for workpieces up to 40 mm thickness
- for routers up to 27 mm diameter
- only usable together with article No. 6900000, 6906000!
- precisely adjustable guide for perfect results
- adjustable guide to be adapted to the router size
- safe locking of the parallel milling guide through turning knobs and without tools
- connection for dust extraction
- tip: larger work pieces should be supported by a roller stand (e.g. Art. No. 6102300)
- packaging: covering box
- weight: 2.8 kg
- suitable for 6900000, 6900612, 6906000, 6906612

2.1 Clamping tables

1 MASTER 700 - clamping and machine table

Unsurpassed versatility coupled with a modern design characterise this new height-adjustable clamping and machine table.

- table plate made from 19 mm MDF plate, continuously tiltable from 0 - 70°
- quick and easy assembly of stationary devices such as mitre saws and drill stands using fastening slots in the MDF plates
- the new, sturdy and stable Z-design of the base frame facilitates ergonomic working when either standing or seated
- integrated compression spring simplifies height adjustment
- quick folding system for space-saving storage; feet can be simply folded up via the pull rod
- including 4 clamping jaws for securing round and horizontal workpieces
- including 2 protection jaws for long, round objects, such as pipes, etc.
- with 4 handy rest pins - both ends usable with pointed rest for painting jobs or flat anti-skid rests
- packaging: covering box
- complementary products: 6102300, 6119973
- separate accessories: 6171000, 6176000

Technical data

working height:	780 - 950 mm
max. span / with clamping jaws:	130 / 435 mm
bench top:	680 x 390 mm
max. loading:	150 kg
clamping system:	handles, spindle adjustment clamping jaws
work top:	MDF, tiltable 0 - 70°
base frame:	robust quick-folding system, integrated tool rack
dimensions mounted:	680 x 780 - 950 x 525 mm

Height-adjustable clamping and working table

1 MASTER 600 - clamping and working table

can be folded for space-saving storage

tabletop infinitely tiltable between 0 - 65° provides new areas of use

plastic jaws for securing the workpiece horizontally

The right working height for all uses! The height adjustment provides you with an ergonomic working position for all heights no matter whether seated or standing.

- heightadjustment with lockable extension
- larger table area due to use of an extension plate
- tabletop infinitely tiltable between 0 - 65° provides new areas of use
- magnet in the MDF board for storing screws and nails
- robust base frame which can be quickly folded away for space-saving storage
- packaging: covering box
- complementary products: 6102300, 6119973
- separate accessories: 6171000, 6172000, 6174000, 6176000

2.3 Workshop System

2.3 A Workshop Just the Way You Want It

"Do you finally want to get your workshop straightened out? Do you want a workshop area where you feel comfortable? And on top of that, do you want a workshop in which you can work ergonomically and practically? The wolfcraft workshop offers all of the above!"

Product advantages:

STABILITY
- 30 mm thick beech worktop
- 2 mm thick steel elements
- 600 kg load capacity
- Solid plastic
- Wall attachment set
- Smooth running drawers suitable for 25 kg of load

ORDER
- Cabinet drawers with up to 3 shelves
- Different drawer sizes
- Drawers can be sub-divided
- Drawer removal system

INDIVIDUALITY
- More than 100 individual combinations possible
- Can be expanded at any time
- Free selection of feet

TRANSPORT & SELF ASSEMBLY
- Quick change system for stationary devices
- Easy transport, no bulky package, few screws
- Quick assembly system through pre-assembled nuts

Garantie 10 Jahre guarantee year de garantie années de garantia años

MADE IN EUROPE

The Order System

Standard drawers
For e.g. drill boxes and screws

Low drawers
For e.g. spanners

Quick Change System
A flat work surface and an integrated bench vice or drill stand are not mutually exclusive!

- **Secure and stable attachment of stationary devices** such as e.g. bench vice or drill stand
- **Can be removed quickly** thanks to the quick change system for maximum work space

High drawers
For correct storage of machines

Cabinet drawers
For up to three flexibly selectable shelf inserts

3.1 Hand Trucks

The allrounder - hand truck and wheelbarrow in one

1 TS 1000 - transport system

convertible from its hand truck function into a wheelbarrow with a flick of the wrist

can be folded for space-saving storage

hand truck function

wheelbarrow function

can be stored in a compact manner

function hand truck

- various handle positions enable optimal tilting and shipping operations
- handles with protective hoops
- high resting surface; ideal for high objects / top-heavy loads

function wheelbarrow

- easy to load due to low loading height
- the simple exchange of various containers through the system out-classes wheelbarrow
- high resting surface; ideal for high objects / top-heavy loads
- convertible from its hand truck function into a wheelbarrow with a flick of the wrist
- round transverse rods and rear panel for securing round objects in a tight position
- with the shovel lowered ideal for transporting longer objects
- pneumatic tyres for easy and comfortable transporting
- suitable for being used on steps: adjustable tilting angle for retaining the load in an optimal position in all situations
- tilt-resistant shipment even of heavy loads
- ideal for heavy garden furniture, firewood, etc.
- packaging: covering box

10 MADE IN EUROPE

4.1 One-hand clamps

EHZ PRO 100 One-hand clamps

The powerful for professional work

effortless conversion to the spreading function

most simple handling and secure fastening due to ergonomic grip with skid-resistant zone

- quick, safe and convenient clamping - with just one hand
- robust and powerful - clamping pressure up to 120 kg
- most simple handling and secure fastening due to ergonomic grip with skid-resistant zone
- for professionals: effortless conversion to the spreading function by pushing a button
- even distribution of the clamping force and gentle to the work-piece thanks to large clamping areas and extreme 100 mm clearance
- high-quality rail that ensures high, long lasting clamping force
- very easy release of the clamping pressure due to optimum leverage
- cross groove for safely clamping round objects
- adjustable spacers protect the workpiece and serve as support
- packaging: with hang tag
- separate accessories: 3037000, 3038000

SZ Screw clamps

The classic tool in a new functional design

particularly good for gluing - the new design of the clamping arm allows the tool to be laid flat on the upper part of the arm, as well as on its back when rotated through 90° - yet another innovation

handle ergonomically formed with non-slip inserts, for optimal power transfer

Ergonomic, with innovative features, for a variety of applications - as relevant now as ever.

- handle ergonomically formed with non-slip inserts, for optimal power transfer
- optimal transfer of power via a galvanised spindle with trapezoidal thread
- particularly good for gluing - the new design of the clamping arm allows the tool to be laid flat on the upper part of the arm, as well as on its back when rotated through 90° - yet another innovation
- will not slip or come undone - grooved edges will ensure a secure grip
- the high-quality galvanised cavity-profile clamp arm will not bend, even when working at large spans
- packaging: with hang tag
- separate accessories: 3037000

4.11 Special clamping tools

- for fastening workpieces to the worktop
- for all workbenches with 20 mm bores in the worktop (fits all wolfcraft tables)
- including upper clamping jaw - can also be used as a normal one-hand clamp
- packaging: fixed on card

article no.	EAN 4006885...	description	clamping width	clamping pressure
3036000	...303607	1 PRO 65-150-W - work table clamp	120 mm	90 kg

- for attaching edging strips or veneers
- for point clamping on a surface (e.g. profile of a cupboard door)
- accessory for all bar clamps (one-hand clamps or screw clamps) with max. 8 x 30 mm bar
- extends the application range of bar clamps
- packaging: fixed on card
- suitable for 3020000, 3021000, 3023000, 3030000, 3031000, 3032000, 3033000, 3034000, 3057000, 3058000, 3059000, 3456000, 3457000, 3605000, 3606000, 3607000, 3610000, 3611000, 3612000, 3620000, 3621000, 3622000, 3623000

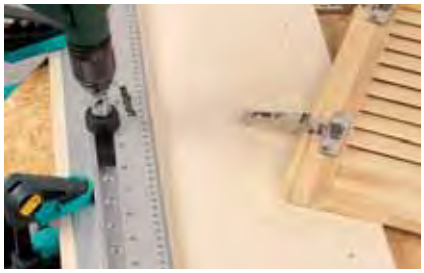
5.1 Dowel connections

Dowel jointers

The universal and quick dowelling jig for corner, T-butt and edge-to-edge connections

- for 6, 8 and 10 mm dowel pins
- for board thicknesses from 12 - 30 mm
- packaging: double blister
- separate accessories: 2730000, 2731000, 2732000, 2733000, 2905000, 2906000, 2907000, 2908000, 2909000, 2910000, 7150000, 7151000, 7152000

article no.	EAN 4006885...	description
4640000	...464001	1 dowelmaster



- for drilling doweled connections, rows of boreholes in shelves & cupboards as well as hinges & fittings in furniture construction
- for the dowelling of boards with a length of up to 600 mm in one clamping position and a thickness of 12 - 40 mm
- with exchangeable drilling bushes of Ø 5, 6, 8 and 10 mm
- standardized bore pitch of 32 mm
- packaging: covering box
- separate accessories: 2730000, 2731000, 2732000, 2733000, 2905000, 2906000, 2907000, 2908000, 2909000, 2910000, 7150000, 7151000, 7152000

article no.	EAN 4006885...	description
4650000	...465008	1 dowelling jig

5.1 Dowel connections

Simply clamp, drill and dowel the parts together - no measuring and marking

- for 6, 8 and 10 mm dowel pins
- for board thicknesses from 12 - 30 mm
- for all types of dowel connections
- content:
  1 wood dowel joiner 2 pcs.
  1 dowel drill, ø 8 mm
  1 depth stop, ø 8 mm
  40 wood dowels, ø 8 mm
- packaging: double blister
- separate accessories: 2730000, 2731000, 2732000, 2733000, 2905000, 2906000, 2907000, 2908000, 2909000, 2910000, 7150000, 7151000, 7152000

article no.	EAN 4006885...	description
3750000	...375000	1 universal dowelling set

Wood dowels

- according to DIN 68150
- material: dried beech wood
- packaging: plastic bag on card
- suitable for 3750000, 4640000, 4650000

article no.	EAN 4006885...	description	Ø	for	length
2905000	...290501	200 dowel pins	ø 6 mm	for board thicknesses from 12 - 14 mm	30 mm
2906000	...290600	50 dowel pins	ø 6 mm	for board thicknesses from 12 - 14 mm	30 mm
2907000	...290709	150 dowel pins	ø 8 mm	for board thicknesses from 15 - 18 mm	40 mm
2908000	...290808	40 dowel pins	ø 8 mm	for board thicknesses from 15 - 18 mm	40 mm
2909000	...290907	120 dowel pins	ø 10 mm	for board thicknesses from 19 - 30 mm	40 mm
2910000	...291003	30 dowel pins	ø 10 mm	for board thicknesses from 19 - 30 mm	40 mm

5.1 Dowel connections

- easy and clean to use
- no additional glue required
- no bothersome glue residues
- according to DIN 68150
- version: pre-glued
- material: beech wood
- packaging: double card with inlaid blister
- suitable for 3750000, 4640000, 4650000

article no.	EAN 4006885...	description	Ø	for	length
7150000	...715004	30 dowel pins pre-glued	ø 6 mm	for board thicknesses from 12 - 14 mm	30 mm
7151000	...715103	30 dowel pins pre-glued	ø 8 mm	for board thicknesses from 15 - 18 mm	40 mm
7152000	...715202	30 dowel pins pre-glued	ø 10 mm	for board thicknesses from 19 - 30 mm	40 mm

Dowel drills

- for wood, plywood, chipboards, fibre boards
- drill with precision-ground rough cutter and centering tip
- high durability
- depth of cut set by depth stop
- fixed easily and safely on the drill
- material: chromium-vanadium steel
- including: 1 depth stop zinc die-cast
- packaging: blister on card
- suitable for 3750000, 4640000, 4650000

article no.	EAN 4006885...	description	Ø
2731000	...273108	1 dowel drill	ø 6 mm
2732000	...273207	1 dowel drill	ø 8 mm
2733000	...273306	1 dowel drill	ø 10 mm

- for wood, plywood, chipboards, fibre boards
- version: with centre point
- material: chromium-vanadium steel
- including: 3 depth stops, ø 6, 8, 10 mm
- packaging: double card with inlaid blister
- suitable for 3750000, 4640000, 4650000

article no.	EAN 4006885...	description	Ø
2730000	...273009	3 dowel drills	ø 6, 8, 10 mm

5.1 Dowel connections

Depth stops

- for all wood twist drills with Ø 6, 8, 10 mm
- packaging: blister on card

article no.	EAN 4006885...	description	Ø
2751000	...275102	3 depth stops	ø 6, 8, 10 mm

- for all drills with Ø 6, 8, 10 mm
- precise setting of the borehole depth
- fixed easily and safely on the drill
- no tilting on the drill thanks to the new design
- material: zinc die-cast
- including: 1 hexagonal key
- packaging: blister on card

article no.	EAN 4006885...	description	Ø
2755000	...275508	3 depth stops	ø 6, 8, 10 mm

Centre points

- for exact marking of dowel holes
- packaging: blister on card

article no.	EAN 4006885...	description	Ø	for
2911000	...291102	4 centre points	ø 6 mm	for board thicknesses from 12 - 14 mm
2912000	...291201	4 centre points	ø 8 mm	for board thicknesses from 15 - 18 mm
2913000	...291300	4 centre points	ø 10 mm	for board thicknesses from 19 - 30 mm

5.1 Dowel connections

Assortments

The complete starter set

- for 6, 8 and 10 mm dowel pins
- for all common wood/ dowel connections, such as exact and stable corners, T-butts and surface-to-surface connections
- content:
  1 dowelmaster
  26 wood dowels, ø 6 mm
  22 wood dowels, ø 8 mm
  16 wood dowels, ø 10 mm
  3 wood drills, ø 6, 8, 10 mm
  6 centre points, each 2 pcs. ø 6, 8, 10 mm
  3 depth stops, ø 6, 8, 10 mm
  1 wood glue, 20 ml
- in plastic case
- packaging: sticker

article no.	EAN 4006885...	description
4645000	...464506	1 universal dowel kit

- for making dowel joints
- for exact marking of dowel holes
- for wood, plywood, chipboards, fibre boards
- drill with precision-ground rough cutter and centering tip
- depth of cut set by depth stop
- packaging: double card with inlaid blister

article no.	EAN 4006885...	description	content
2916000	...291607	1 dowel kit	4 centre points, ø 6 mm 1 dowel drill, ø 6 mm 1 depth stop, ø 6 mm 25 dowel pins, ø 6 mm
2917000	...291706	1 dowel kit	4 centre points, ø 8 mm 1 dowel drill, ø 8 mm 1 depth stop, ø 8 mm 22 dowel pins, ø 8 mm

5.1 Dowel connections

article no.	EAN 4006885...	description	content
2918000	...291805	1 dowel kit	4 centre points, ø 10 mm 1 dowel drill, ø 10 mm 1 depth stop, ø 10 mm 19 dowel pins, ø 10 mm

5.3 Biscuit joints

Biscuit jointers

cutting of shadow joints

The allrounder for wood processing

- machine: all types of one-hand angle grinders with M14 spindle thread and tapped bores for handles on either side (M6, M8, M10)
- wood joints with jointing biscuits
- cutting of shadow joints
- mitre cuts
- milling of battens
- including:
  1 groove saw TCT, ø 100 mm
  1 chip collection bag
- packaging: covering box
- separate accessories: 2921000, 2922000, 2923000, 2924000, 2949000, 7153000, 7154000, 7155000

article no.	EAN 4006885...	description	product dimensions	weight
2920000	...292000	1 multi-wood jointer	135 x 140 x 400 mm	1.15 kg

5.3 Biscuit joints

Jointing biscuits

- material: beech wood, compressed under high pressure
- packaging: plastic bag on card
- suitable for 2920000

article no.	EAN 4006885...	description	size	for	product dimensions
2921000	...292109	50 jointing biscuits	No. 0	for board thicknesses from 10 - 12 mm	45 x 15 x 4 mm
2949000	...294905	150 jointing biscuits	No. 10	for board thicknesses from 13 - 15 mm	55 x 19 x 4 mm
2922000	...292208	50 jointing biscuits	No. 10	for board thicknesses from 13 - 15 mm	55 x 19 x 4 mm
2923000	...292307	50 jointing biscuits	No. 20	for board thicknesses ≥ 16 mm	61 x 23 x 4 mm

- easy and clean to use
- no additional glue required
- no bothersome glue residues
- version: pre-glued
- material: beech wood, compressed under high pressure
- packaging: double card with inlaid blister
- suitable for 2920000

article no.	EAN 4006885...	description	size	for	product dimensions
7153000	...715301	20 jointing biscuits pre-glued	No. 0	for board thicknesses from 10 - 12 mm	45 x 15 x 4 mm
7154000	...715400	20 jointing biscuits pre-glued	No. 10	for board thicknesses from 13 - 15 mm	55 x 19 x 4 mm
7155000	...715509	20 jointing biscuits pre-glued	No. 20	for board thicknesses ≥ 16 mm	61 x 23 x 4 mm

Replacement groove saws

- for all types of wood, chipboards
- material: tungsten carbide tipped
- packaging: paperboard card
- suitable for 2920000

article no.	EAN 4006885...	description	Ø	bore
2924000	...292406	1 replacement groove saw	ø 100 mm	ø 22.2 mm

5.4 Screw joints

Concealed screwed connection

1 Undercover Jig set

With the "Undercover Jig", you drill precise holes in the workpiece...

...then you join the two workpieces with wood screws...

...and here are your precise and stable joints!

including screw-hole covers to conceal the drill holes

In 3 simple steps you can connect your work-pieces fast, precisely and stable. You can drill accurate boreholes into the work piece with the Undercover Jig, join the two work pieces with screws thereafter and just have a precise and stable connection.

- corner connections
- T-butt connections
- edge-to-edge connections
- mitre connections
- measuring the board thickness with a built-in ruler
- pre-adjustment for all standard board thicknesses (min. 12 mm)
- content:
  1 Undercover Jig
  1 step drill, HSS, ø 9.5 mm, 180 mm
  1 depth stop, ø 9.5 mm
  1 hexagonal key, SW 3
  1 screwdriver blade, Pozidriv PZ 2, 150 mm
  10 screw-hole covers, dried beech wood
  10 wood screws, 4 x 25 mm
  10 wood screws, 4 x 30 mm
  10 wood screws, 4 x 40 mm
  10 wood screws, 4 x 60 mm
- in plastic case
- packaging: sticker
- separate accessories: 2928000, 2933000, 2939000

article no.	EAN 4006885...	description
4642000	...464209	1 Undercover Jig set

5.4 Screw joints

Accessories

- material: dried beech wood
- packaging: blister on card
- suitable for 4642000

article no.	EAN 4006885...	description	Ø	length
2928000	...292802	12 screw-hole covers	ø 9.3 mm	46 mm

- material: HSS
- including: 1 depth stop
- packaging: plastic bag with inlay
- suitable for 4642000

article no.	EAN 4006885...	description	Ø	length
2933000	...293304	1 step drill	ø 9.5 mm	180 mm

- version: conical back
- packaging: storage box on card

article no.	EAN 4006885...	description	shank	cutting depth	quality of cut	for
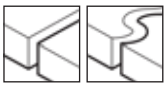
2385000	...238503	2 jigsaw blades	T-shank	30 mm	fine, clean cuts	hardwood, wood with nails, plywood, plastic coated chipboards, laminate

- material: BiM
- tooth form: straight-set and ground
- tooth distance: 1,65 mm
- tooth version: pointed teeth
- toothed length: 75 mm
- total length: 100 mm
- version: conical back
- packaging: storage box on card

article no.	EAN 4006885...	description	shank	cutting depth	quality of cut	for
3561000	...356108	2 jigsaw blades	T-shank	30 mm	clean, fine cuts on both sides of the material	plastic coated chipboards, laminate, plastic materials, MDF, parquet

6.1 Jigsaw blades



- packaging: storage box on card

article no.	EAN 4006885...	description	shank	cutting depth	quality of cut	for
2383100	...238312	5 jigsaw blades	T-shank	20	clean curved cuts	laminate, plastic coated chipboards, plywood, parquet, wood core chipboards
				30	fine, clean cuts	laminate, plastic coated chipboards, wood with nails, plywood, hardwood

- material: HCS
- tooth form: straight-set and milled
- tooth distance: 3 mm
- toothed length: 75 mm
- total length: 100 mm
- packaging: plastic bag with inlay

article no.	EAN 4006885...	description	shank	cutting depth	quality of cut	for
8431000	...843103	2 jigsaw blades	T-shank	40 mm	rough cuts	soft wood

- material: HCS
- tooth form: form-ground and milled
- tooth distance: 2 mm
- toothed length: 49 mm
- total length: 76 mm
- packaging: plastic bag with inlay

article no.	EAN 4006885...	description	shank	cutting depth	quality of cut	for
8432000	...843202	2 jigsaw blades	T-shank	15 mm	curved cuts	soft wood

- material: HCS
- tooth form: straight-set and milled
- tooth distance: 2,5 mm
- toothed length: 74 mm
- total length: 100 mm
- packaging: plastic bag with inlay

article no.	EAN 4006885...	description	shank	cutting depth	quality of cut	for
8433000	...843301	2 jigsaw blades	T-shank	30 mm	fine cuts	soft wood

6.1 Jigsaw blades

- material: HCS
- tooth form: straight-set and ground
- tooth distance: 2,5 mm
- tooth version: opposed tooth position
- toothed length: 75 mm
- total length: 100 mm
- version: conical back
- used without a pendulum stroke
- packaging: plastic bag with inlay

article no.	EAN 4006885...	description	shank	cutting depth	quality of cut	for
8436000	...843608	2 jigsaw blades	T-shank	25 mm	fine cuts	soft wood, laminate

for metal working

- material: HSS
- tooth form: form-ground and milled
- tooth distance: 1,2 mm
- toothed length: 50 mm
- total length: 75 mm
- packaging: storage box on card

article no.	EAN 4006885...	description	shank	cutting depth	quality of cut	for
2318000	...231801	2 jigsaw blades	T-shank	1 - 3 mm	fine cuts	sheet steel, non-ferrous metals
2654000	...265400	5 jigsaw blades	T-shank	1 - 3 mm	fine cuts	sheet steel, non-ferrous metals

- material: HSS
- tooth form: form-ground and milled
- tooth distance: 1,2 mm
- toothed length: 110 mm
- total length: 130 mm
- packaging: storage box on card

article no.	EAN 4006885...	description	shank	cutting depth	quality of cut	for
3549000	...354906	2 jigsaw blades	T-shank	1 - 3 mm	fine cuts	sheet steel, non-ferrous metals, aluminium

6.1 Jigsaw blades

- material: HSS
- tooth form: form-ground and milled
- tooth distance: 2 mm
- toothed length: 50 mm
- total length: 75 mm
- packaging: storage box on card

article no.	EAN 4006885...	description	shank	cutting depth	quality of cut	for
2317000	...231702	2 jigsaw blades	T-shank	3 - 6 mm	fine cuts	sheet steel, aluminium
2367000	...236707	5 jigsaw blades	T-shank	3 - 6 mm	fine cuts	sheet steel, aluminium

- heavy-duty saw blade
- material: BiM
- tooth form: form-ground and milled
- tooth distance: 1,2 mm
- toothed length: 50 mm
- total length: 75 mm
- packaging: storage box on card

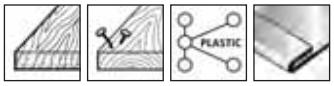
article no.	EAN 4006885...	description	shank	cutting depth	quality of cut	for
2388000	...238800	2 jigsaw blades	T-shank	1 - 3 mm	fine cuts	sheet steel, non-ferrous metals, Inox

- material: HSS
- tooth form: form-ground and milled
- tooth distance: 2 mm
- toothed length: 50 mm
- total length: 75 mm
- packaging: plastic bag with inlay

article no.	EAN 4006885...	description	shank	cutting depth	quality of cut	for
8434000	...843400	2 jigsaw blades	T-shank	2,5 - 4 mm	fine cuts	sheet steel, aluminium

6.1 Jigsaw blades

Universal blades



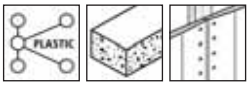
- material: BiM
- tooth form: straight-set and milled
- tooth distance: 1,8 mm, 2,5 mm
- tooth version: vario-toothing
- toothed length: 110 mm
- total length: 130 mm
- packaging: storage box on card

article no.	EAN 4006885...	description	shank	cutting depth	quality of cut	for
3554000	...355408	2 jigsaw blades	T-shank	65 mm	rough cuts	soft wood, wood with nails, plastic materials
				3 - 6 mm	rough cuts	sheet steel

- material: BiM
- tooth form: straight-set and milled
- tooth distance: 2 mm, 4 mm
- toothed length: 110 mm
- total length: 130 mm
- packaging: storage box on card

article no.	EAN 4006885...	description	shank	cutting depth	quality of cut	for
3555000	...355507	2 jigsaw blades	T-shank	65 mm	fast, rough cuts	hardwood, wood with nails, wooden beams, plastic materials
				3 - 10 mm	fast, rough cuts	non-ferrous metals

Special jigsaw blades



- material: tungsten carbide tipped
- tooth distance: 4,3 mm
- toothed length: 105 mm
- total length: 132 mm
- packaging: storage box on card

article no.	EAN 4006885...	description	shank	cutting depth	quality of cut	for
2384000	...238404	1 jigsaw blade	T-shank	80 mm	fast, rough cuts	plastic materials, aerated concrete, gypsum plaster boards

6.1 Jigsaw blades

- material: tungsten carbide coated
- toothed length: 51 mm
- total length: 76 mm
- packaging: storage box on card

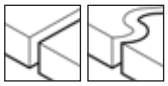
article no.	EAN 4006885...	description	shank	cutting depth	quality of cut	for
2319000	...231900	1 jigsaw blade	T-shank	15 mm	rough cuts	tiles

Assortments

- for virtually all work with the jigsaw
- content: 3 jigsaw blades
- packaging: storage box on card

article no.	EAN 4006885...	description	shank	material	cutting depth	quality of cut	for
2685000	...268500	1 jigsaw blade starter set	T-shank	HCS	50 mm	fast, very rough cuts	hardwood, plywood, wooden beams
				HCS	30 mm	clean cuts	soft wood, chipboards, MDF, laminate, plastic materials
				HSS	3 - 6 mm	fine cuts	sheet steel, aluminium

6.1 Jigsaw blades



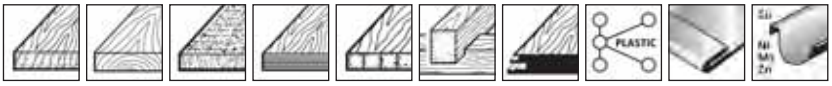
- ideal for all sawing work for the construction and conversion of kitchens
- content: 3 jigsaw blades
- packaging: storage box on card

article no.	EAN 4006885...	description	shank	material	cutting depth	quality of cut	for
2684000	...268401	1 jigsaw blade project set for kitchens	T-shank	HCS	30 mm	clean cuts	soft wood, chipboards, MDF, laminate, plastic materials
				HCS	50 mm	rough curved cuts	soft wood, chipboards, wood core chipboards
				HCS	65 mm	quick, fine cuts	wood core chipboards, MDF, wooden beams, kitchen worktops

- for all interior sawing work
- content: 5 jigsaw blades
- packaging: storage box on card

article no.	EAN 4006885...	description	shank	material	cutting depth	quality of cut	for
2688000	...268807	1 jigsaw blade project set for interior work	T-shank	HCS	50 mm	fast, rough cuts	hardwood, chipboards, wood core chipboards, plastic materials
				HCS	20 mm	clean curved cuts	soft wood, chipboards, wood core chipboards, plastic materials
				HSS	1 - 3 mm	fine cuts	sheet steel, non-ferrous metals
				tungsten carbide coated	15 mm	rough cuts	tiles
				BiM	30 mm	fine, clean cuts	hardwood, wood with nails, plywood, plastic coated chipboards, laminate

6.1 Jigsaw blades



The starter box for all do-it-yourselvers

- comfortable removal of individual blades at the push of the button
- free view of the blades thanks to a highly transparent plastic cover
- content: 10 jigsaw blades
- in storage box
- packaging: double blister on card

article no.	EAN 4006885...	description	shank	material	cutting depth	quality of cut	for
3559000	...355903	1 jigsaw blade box	T-shank	HCS	50 mm	very rough cuts	hardwood, plywood, wooden beams
				HCS	50 mm	fast, rough cuts	hardwood, chipboards, plastic materials
				HCS	20 mm	clean curved cuts	soft wood, wood core chipboards, plastic materials
				HCS	30 mm	fine cuts	soft wood, chipboards, laminate
				HSS	1 - 3 mm	fine cuts	sheet steel, non-ferrous metals

- in plastic cassette
- packaging: sticker

article no.	EAN 4006885...	description	shank	material	cutting depth	quality of cut	for
2358000	...235809	10 jigsaw blades	T-shank	HCS	50 mm	very rough cuts	hardwood, plywood, wooden beams
				HCS	50 mm	fast, rough cuts	hardwood, chipboards, plastic materials
				HCS	20 mm	clean curved cuts	soft wood, chipboards, plastic materials
				HCS	30 mm	fine cuts	laminate, chipboards, plastic materials
				HSS	3 - 6 mm	fine cuts	sheet steel, aluminium
				HSS	1 - 3 mm	fine cuts	sheet steel, non-ferrous metals

6.1 Jigsaw blades

- in plastic cassette
- packaging: sticker

article no.	EAN 4006885...	description	shank	material	cutting depth	quality of cut	for
2655000	...265509	10 jigsaw blades	T-shank	HCS	20 mm	clean curved cuts	soft wood, chipboards, wood core chipboards, plastic materials
				HCS	50 mm	fast, rough cuts	hardwood, plywood, MDF, plastic coated chipboards
				HCS	30 mm	clean cuts	soft wood, chipboards, MDF, laminate, plastic materials
				HSS	3 - 6 mm	fine cuts	sheet steel, aluminium
				HSS	1 - 3 mm	fine cuts	sheet steel, non-ferrous metals

- inclusive (gratis) 1 pocket knife
- in 2-component plastic box with lid

article no.	EAN 4006885...	description	shank	material	cutting depth	quality of cut	for
2377000	...237704	11 jigsaw blades + 1 pocket knife	T-shank	HCS	80	fast, rough cuts	wooden beams, hard and soft wood
				HCS	40	medium-coarse cuts	soft wood, chipboards, plastic material
				HCS	30	fine cuts	soft wood, chipboards, laminate
				HCS	25	fine cuts	laminate
				HCS	15	curved cuts	soft wood, chipboards
				HSS	1 - 3	fine cuts	sheet steel, non-ferrous metals

6.1 Jigsaw blades

- packaging: plastic bag on card

article no.	EAN 4006885...	description	shank	cutting depth	quality of cut	for
8430000	...843004	10 jigsaw blades	T-shank	15 mm	curved cuts	soft wood
				30 mm	fine cuts	soft wood
				40 mm	rough cuts	soft wood
				50 mm	very rough cuts	soft wood

- content: 10 jigsaw blades
- in 2-component plastic box with lid

article no.	EAN 4006885...	description	shank	material	cutting depth	quality of cut	for
8630000	...863002	1 jigsaw blade box	T-shank	HCS	65 mm	very rough cuts	soft wood, plywood, wooden beams
				HCS	50 mm	fast, rough cuts	soft wood, chipboards, plastic materials
				HCS	20 mm	clean curved cuts	soft wood, chipboards, plastic materials
				HCS	30 mm	fine cuts	soft wood, plastic coated chipboards, plastic materials
				HSS	3 - 6 mm	fine cuts	sheet steel, non-ferrous metals, aluminium
				HSS	1 - 3 mm	fine cuts	sheet steel, non-ferrous metals

Jigsaw blades

suitable for Black & Decker, Einhell, HAAGER, RYOBI, Skil, Stayer

for wood/plastic working

- material: HCS
- tooth form: straight-set and ground
- tooth distance: 4 mm
- toothed length: 75 mm
- total length: 100 mm
- packaging: storage box on card

article no.	EAN 4006885...	description	shank	cutting depth	quality of cut	for
3550000	...355002	2 jigsaw blades	U-shank	50 mm	rough curved cuts	soft wood, chipboards, wood core chipboards

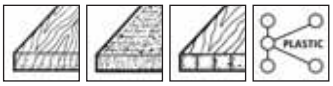
- material: HCS
- tooth form: straight-set and ground
- tooth distance: 4 mm
- toothed length: 81 mm
- total length: 100 mm
- version: conical back
- packaging: storage box on card

article no.	EAN 4006885...	description	shank	cutting depth	quality of cut	for
2372000	...237209	2 jigsaw blades	U-shank	45 mm	fast, rough cuts	soft wood, chipboards, wood core chipboards, MDF

- material: HCS
- tooth form: straight-set and ground
- tooth distance: 2 - 3 mm
- toothed length: 93 mm
- total length: 116 mm
- version: conical back
- packaging: storage box on card

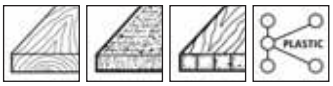
article no.	EAN 4006885...	description	shank	cutting depth	quality of cut	for
3548000	...354807	2 jigsaw blades	U-shank	65 mm	quick, fine cuts	soft wood, chipboards, wood core chipboards, MDF, wooden beams

6.1 Jigsaw blades



- material: HCS
- tooth form: form-ground and milled
- tooth distance: 2 mm
- toothed length: 50 mm
- total length: 70 mm
- packaging: storage box on card

article no.	EAN 4006885...	description	shank	cutting depth	quality of cut	for
2303000	...230309	2 jigsaw blades	U-shank	20 mm	clean curved cuts	soft wood, chipboards, wood core chipboards, plastic materials



- material: HCS
- tooth form: straight-set and milled
- tooth distance: 3 mm
- toothed length: 75 mm
- total length: 100 mm
- packaging: storage box on card

article no.	EAN 4006885...	description	shank	cutting depth	quality of cut	for
2301000	...230101	2 jigsaw blades	U-shank	50 mm	rough cuts	hardwood, chipboards, wood core chipboards, plastic materials
2351000	...235106	5 jigsaw blades	U-shank	50 mm	rough cuts	hardwood, chipboards, wood core chipboards, plastic materials

- material: HCS
- tooth form: straight-set and ground
- tooth distance: 2 mm
- tooth version: opposed tooth position
- toothed length: 75 mm
- total length: 100 mm
- version: conical back
- used without a pendulum stroke
- packaging: storage box on card

article no.	EAN 4006885...	description	shank	cutting depth	quality of cut	for
3541000	...354104	2 jigsaw blades	U-shank	30 mm	fine, clean cuts	soft wood, chipboards, MDF, plastic coated chipboards, laminate

6.1 Jigsaw blades

- material: HCS
- tooth form: straight-set and ground
- tooth distance: 2,5 mm
- toothed length: 81 mm
- total length: 100 mm
- version: conical back
- packaging: storage box on card

article no.	EAN 4006885...	description	shank	cutting depth	quality of cut	for
2371000	...237100	2 jigsaw blades	U-shank	30 mm	clean cuts	soft wood, chipboards, MDF, laminate, plastic materials

- material: HCS
- tooth form: straight-set and ground
- tooth distance: 4 mm
- toothed length: 61 mm
- total length: 80 mm
- packaging: storage box on card

article no.	EAN 4006885...	description	shank	cutting depth	quality of cut	for
2300000	...230002	2 jigsaw blades	U-shank	35 mm	very rough cuts	hardwood, plywood, wooden beams
2350000	...235007	5 jigsaw blades	U-shank	35 mm	very rough cuts	hardwood, plywood, wooden beams

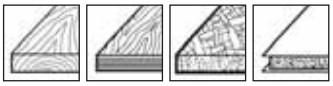
- special blade for narrow curves
- material: HCS
- tooth form: straight-set and ground
- tooth distance: 2,5 mm
- tooth version: back toothed
- toothed length: 75, 40 mm
- total length: 100 mm
- version: conical back
- packaging: storage box on card

article no.	EAN 4006885...	description	shank	cutting depth	quality of cut	for
3536000	...353602	2 jigsaw blades	U-shank	30 mm	clean curved cuts	soft wood, wood core chipboards, plastic coated chipboards, parquet, plastic material

6.1 Jigsaw blades

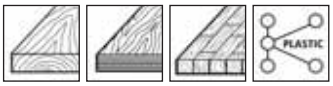
- special blade for the smallest radii
- ideal for cutting out special shapes
- toothing on both sides enables splinter-free curved cuts in both directions.
- material: HCS
- tooth distance: 2,2 / 3,2 mm
- tooth version: vario-toothing
- toothed length: 85, 59 mm
- total length: 115 mm
- version: conical back
- packaging: storage box on card

article no.	EAN 4006885...	description	shank	cutting depth	quality of cut	for
2683000	...268302	2 jigsaw blades	U-shank	40 mm	clean curved cuts	soft wood, plywood, MDF



- material: HCS
- tooth form: straight-set and ground
- tooth distance: 4 mm
- toothed length: 81 mm
- total length: 100 mm
- packaging: storage box on card

article no.	EAN 4006885...	description	shank	cutting depth	quality of cut	for
2370000	...237001	2 jigsaw blades	U-shank	50 mm	fast, rough cuts	hardwood, plywood, MDF, plastic coated chipboards



- material: HCS
- tooth form: straight-set and ground
- tooth distance: 2 mm
- toothed length: 61 mm
- total length: 80 mm
- version: conical back
- packaging: storage box on card

article no.	EAN 4006885...	description	shank	cutting depth	quality of cut	for
2305000	...230507	2 jigsaw blades	U-shank	20 mm	fine, clean cuts	hardwood, plywood, parquet, plastic materials
2355000	...235502	5 jigsaw blades	U-shank	20 mm	fine, clean cuts	hardwood, plywood, parquet, plastic materials

6.1 Jigsaw blades

- material: HCS
- tooth form: straight-set and ground
- tooth distance: 1,35 mm
- toothed length: 52 mm
- total length: 70 mm
- version: conical back
- packaging: storage box on card

article no.	EAN 4006885...	description	shank	cutting depth	quality of cut	for
2373000	...237308	2 jigsaw blades	U-shank	20 mm	clean curved cuts	plywood, wood core chipboards, plastic coated chipboards, laminate, parquet

- material: HCS
- tooth form: straight-set and ground
- tooth distance: 3 mm
- toothed length: 90 mm
- total length: 115 mm
- version: conical back
- packaging: storage box on card

article no.	EAN 4006885...	description	shank	cutting depth	quality of cut	for

- packaging: storage box on card

article no.	EAN 4006885...	description	shank	cutting depth	quality of cut	for
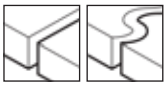
2309000	...230903	1 jigsaw blade	U-shank	15 mm	rough cuts	tiles

6.1 Jigsaw blades

Assortments

- for virtually all work with the jigsaw
- content: 3 jigsaw blades
- packaging: storage box on card

article no.	EAN 4006885...	description	shank	material	cutting depth	quality of cut	for
2690000	...269002	1 jigsaw blade starter set	U-shank	HCS	50 mm	rough cuts	hardwood, chipboards, wood core chipboards, plastic materials
				HCS	30 mm	clean cuts	soft wood, chipboards, MDF, laminate, plastic materials
				HSS	3 - 6 mm	fine cuts	sheet steel, aluminium



- ideal for all sawing work for the construction and conversion of kitchens
- content: 3 jigsaw blades
- packaging: storage box on card

article no.	EAN 4006885...	description	shank	material	cutting depth	quality of cut	for
2689000	...268906	1 jigsaw blade project set for kitchens	U-shank	HCS	30 mm	clean cuts	soft wood, chipboards, MDF, laminate, plastic materials
				HCS	50 mm	rough curved cuts	soft wood, chipboards, wood core chipboards
				HCS	65 mm	quick, fine cuts	wood core chipboards, MDF, wooden beams, kitchen worktops

6.1 Jigsaw blades

- for all interior sawing work
- content: 5 jigsaw blades
- packaging: storage box on card

article no.	EAN 4006885...	description	shank	material	cutting depth	quality of cut	for
2687000	...268708	1 jigsaw blade project set for interior work	U-shank	HCS	50 mm	rough cuts	hardwood, chipboards, wood core chipboards, plastic materials
				HCS	20 mm	clean curved cuts	soft wood, chipboards, wood core chipboards, plastic materials
				HSS	1 - 3 mm	fine cuts	sheet steel, non-ferrous metals
				tungsten carbide coated	15 mm	rough cuts	tiles
				BiM	30 mm	fine, clean cuts	hardwood, wood with nails, plywood, plastic coated chipboards, laminate

The starter box for all do-it-yourselvers

- comfortable removal of individual blades at the push of the button
- free view of the blades thanks to a highly transparent plastic cover
- content: 10 jigsaw blades
- in storage box
- packaging: double blister on card

article no.	EAN 4006885...	description	shank	material	cutting depth	quality of cut	for
3560000	...356009	1 jigsaw blade box	U-shank	HCS	35 mm	very rough cuts	hardwood, plywood, wooden beams
				HCS	50 mm	rough cuts	hardwood, chipboards, plastic materials
				HCS	20 mm	clean curved cuts	soft wood, chipboards, plastic materials
				HCS	30 mm	clean cuts	soft wood, chipboards, MDF, laminate, plastic materials
				HSS	1 - 3 mm	fine cuts	sheet steel, non-ferrous metals

6.1 Jigsaw blades

- in plastic cassette
- packaging: sticker

article no.	EAN 4006885...	description	shank	material	cutting depth	quality of cut	for
2356000	...235601	10 jigsaw blades	U-shank	HCS	35 mm	very rough cuts	hardwood, plywood, wooden beams
				HCS	50 mm	rough cuts	hardwood, chipboards, plastic materials

				HSS	1 - 3 mm	fine cuts	sheet steel, non-ferrous metals

Jigsaw blades

suitable for Peugeot

for wood/plastic working

- material: HCS
- tooth form: straight-set and ground
- tooth distance: 2,5 mm
- toothed length: 75 mm
- total length: 100 mm
- version: conical back
- packaging: storage box on card

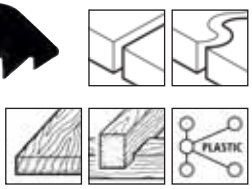
article no.	EAN 4006885...	description	shank	cutting depth	quality of cut	for
2345000	...234505	2 jigsaw blades	PG-shank	30 mm	clean cuts	soft wood, chipboards, MDF, laminate, plastic materials

6.1 Jigsaw blades

Sabre saw blades for electric handsaw

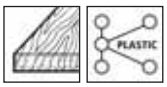
suitable for AEG, Black & Decker, Bosch, Elu, Flex, Hitachi, Makita, Metabo, Rockwell, Skil

for wood/plastic working



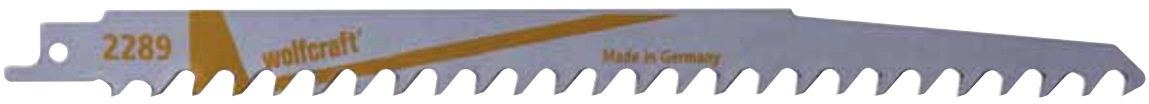
- material: CV
- tooth form: straight-set and ground
- tooth distance: 4,2 mm
- toothed length: 130 mm
- total length: 150 mm
- used with a pendulum stroke
- packaging: plastic bag with inlay

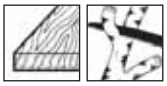
article no.	EAN 4006885...	description	cutting depth	quality of cut	for
2290000	...229006	2 sabre saw blades	10 - 100 mm	quick, fine curved cuts	soft wood, wooden beams, plastic materials



- material: CV
- tooth form: straight-set and milled
- tooth distance: 2,5 mm
- toothed length: 122 mm
- total length: 150 mm
- used with a pendulum stroke
- packaging: plastic bag with inlay

article no.	EAN 4006885...	description	cutting depth	quality of cut	for
2294000	...229402	2 sabre saw blades	10 - 100 mm	fine cuts	wood, plastic material





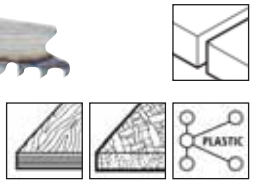
- material: CV
- tooth form: straight-set and ground
- tooth distance: 8,5 mm
- tooth version: extra sharp toothing
- toothed length: 218 mm
- total length: 240 mm
- used with a pendulum stroke
- packaging: plastic bag with inlay

article no.	EAN 4006885...	description	cutting depth	quality of cut	for
2289000	...228900	2 sabre saw blades	20 - 190 mm	fast, very rough cuts	soft wood, tree cutting

6.1 Jigsaw blades

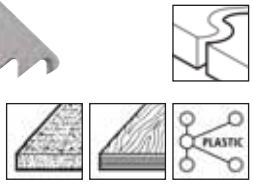
- material: CV
- tooth form: straight-set and milled
- tooth distance: 4,2 mm
- toothed length: 280 mm
- total length: 300 mm
- packaging: plastic bag with inlay

article no.	EAN 4006885...	description	cutting depth	quality of cut	for
2296000	...229600	2 sabre saw blades	10 - 250 mm	quick, fine cuts	soft wood, plastic materials



- material: HCS
- tooth form: straight-set and ground
- tooth distance: 2,4 - 4 mm
- toothed length: 180 mm
- total length: 200 mm
- packaging: plastic bag with inlay

article no.	EAN 4006885...	description	cutting depth	quality of cut	for
2672000	...267206	2 sabre saw blades	6 - 150 mm	fine, clean cuts	plywood, MDF, plastic material



- especially for curved cuts
- material: CV
- tooth form: straight-set and ground
- tooth distance: 4,2 mm
- toothed length: 130 mm
- total length: 150 mm
- used with a pendulum stroke
- packaging: plastic bag with inlay

article no.	EAN 4006885...	description	cutting depth	quality of cut	for
3566000	...356603	2 sabre saw blades	10 - 100 mm	quick, fine curved cuts	chipboards, plywood, plastic materials

6.1 Jigsaw blades

- material: CV
- tooth form: straight-set and ground
- tooth distance: 5 mm
- tooth version: extra sharp toothing
- toothed length: 210 mm
- total length: 230 mm
- used without a pendulum stroke
- packaging: plastic bag with inlay

article no.	EAN 4006885...	description	cutting depth	quality of cut	for
2295000	...229501	2 sabre saw blades	10 - 180	fast, rough cuts	wooden beams, tree cutting

- material: CV
- tooth form: straight-set and milled
- tooth distance: 8,5 mm
- toothed length: 210 mm
- total length: 230 mm
- packaging: plastic bag with inlay

article no.	EAN 4006885...	description	cutting depth	quality of cut	for
2291000	...229105	2 sabre saw blades	20 - 180 mm	fast, very rough cuts	wooden beams, tree cutting

for metal working

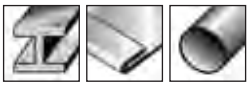
- material: BiM
- tooth form: form-ground and milled
- tooth distance: 1,4 mm
- toothed length: 130 mm
- total length: 150 mm
- packaging: plastic bag with inlay

article no.	EAN 4006885...	description	cutting depth	quality of cut	for
2298000	...229808	2 sabre saw blades	1 - 3 mm	fine flush cuts	sheet steel, non-ferrous metals

6.1 Jigsaw blades

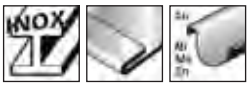
- material: BiM
- tooth form: form-ground and milled
- tooth distance: 2,5 mm
- toothed length: 130 mm
- total length: 150 mm
- used with a pendulum stroke
- packaging: plastic bag with inlay

article no.	EAN 4006885...	description	cutting depth	quality of cut	for
2299000	...229907	2 sabre saw blades	3 - 8 mm	rough cuts	sheet steel, non-ferrous metals



- very flexible blade
- flush cuts
- material: BiM
- tooth form: straight-set and milled
- tooth distance: 1,4 mm
- toothed length: 210 mm
- total length: 230 mm
- used with a pendulum stroke
- packaging: plastic bag with inlay

article no.	EAN 4006885...	description	cutting depth	quality of cut	for
2696000	...269606	2 sabre saw blades	1,5 - 4 mm	fine cuts	sheet steel, steel, tubes



- very flexible blade
- material: BiM
- tooth form: form-ground and milled
- tooth distance: 1,4 mm
- toothed length: 130 mm
- total length: 150 mm
- packaging: plastic bag with inlay

article no.	EAN 4006885...	description	cutting depth	quality of cut	for
2297000	...229709	2 sabre saw blades	1 - 3 mm	fine flush cuts	sheet steel, non-ferrous metals, Inox

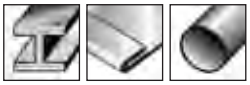
6.1 Jigsaw blades

- very flexible blade
- material: BiM
- tooth form: form-ground and milled
- tooth distance: 1,8 mm
- toothed length: 130 mm
- total length: 150 mm
- packaging: plastic bag with inlay

article no.	EAN 4006885...	description	cutting depth	quality of cut	for
2293000	...229303	2 sabre saw blades	2 - 8 mm	fine flush cuts	sheet steel, non-ferrous metals, aluminium

- very flexible blade
- material: BiM
- tooth form: form-ground and milled
- tooth distance: 1,8 mm
- toothed length: 210 mm
- total length: 230 mm
- packaging: plastic bag with inlay

article no.	EAN 4006885...	description	cutting depth	quality of cut	for
2292000	...229204	2 sabre saw blades	2 - 8 mm	fine flush cuts	non-ferrous metals, aluminium, cast pipes

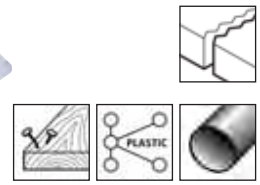


- low-vibration, high-precision angle cuts
- material: BiM
- tooth form: straight-set and milled
- tooth distance: 2,5 mm
- toothed length: 200 mm
- total length: 220 mm
- packaging: plastic bag with inlay

article no.	EAN 4006885...	description	cutting depth	quality of cut	for
2679000	...267909	2 sabre saw blades	3 - 190 mm	fine, precise cuts	metal profiles, tubes, sheet steel

6.1 Jigsaw blades

Universal blades



- material: BiM
- used with a pendulum stroke
- tooth form: straight-set and milled
- tooth distance: 1,8 mm, 2,6 mm
- tooth version: vario-toothing
- toothed length: 210 mm
- total length: 230 mm
- packaging: plastic bag with inlay

article no.	EAN 4006885...	description	cutting depth	quality of cut	for
3568000	...356801	2 sabre saw blades	5 - 180 mm	rough cuts	plastic material, wood with nails
			3 - 10 mm	rough cuts	cast pipes

- material: BiM
- used with a pendulum stroke
- tooth form: straight-set and milled
- tooth distance: 2,2 - 3,2 mm
- toothed length: 210 mm
- total length: 230 mm
- packaging: plastic bag with inlay

article no.	EAN 4006885...	description	cutting depth	quality of cut	for
2673000	...267305	2 sabre saw blades	< 175 mm	rough cuts	plastic material, wood with nails
			3,5 - 12 mm	rough cuts	steel

- material: BiM
- used with a pendulum stroke
- tooth form: straight-set and milled
- tooth distance: 1,8 mm, 2,6 mm
- tooth version: vario-toothing
- toothed length: 130 mm
- total length: 150 mm
- packaging: plastic bag with inlay

article no.	EAN 4006885...	description	cutting depth	quality of cut	for
3567000	...356702	2 sabre saw blades	5 - 100 mm	rough cuts	wood with nails
			3 - 10 mm	rough cuts	aluminium

6.1 Jigsaw blades

- flexible and break-proof
- material: BiM
- used with a pendulum stroke
- tooth form: straight-set and milled
- tooth distance: 2,5 mm
- toothed length: 130 mm
- total length: 150 mm
- packaging: plastic bag with inlay

article no.	EAN 4006885...	description	cutting depth	quality of cut	for
2695000	...269507	2 sabre saw blades	< 100 mm	rough cuts	wood with nails
			3 - 12 mm	rough cuts	steel, non-ferrous metals

- disassembly blade for all types of demolition work
- heavy-duty saw blade
- material: BiM
- tooth form: straight-set and milled
- tooth distance: 4,2 mm
- toothed length: 210 mm
- total length: 230 mm
- packaging: plastic bag with inlay

article no.	EAN 4006885...	description	cutting depth	quality of cut	for
2677000	...267701	2 sabre saw blades	5 - 190 mm	fine cuts	hardwood, wood with nails, aluminium profiles, thin steel profiles, tubes

- flexible and break-proof
- material: BiM
- tooth form: straight-set and milled
- tooth distance: 4,2 mm
- toothed length: 280 mm
- total length: 300 mm
- used with a pendulum stroke
- packaging: plastic bag with inlay

article no.	EAN 4006885...	description	cutting depth	quality of cut	for
2671000	...267107	2 sabre saw blades	6 - 250 mm	fine cuts	wood with nails, MDF, plastic material

6.1 Jigsaw blades

- ideal for cutting out old windows
- material: BiM
- tooth form: straight-set and milled
- tooth distance: 4,2 mm
- toothed length: 130 mm
- total length: 150 mm
- used with a pendulum stroke
- packaging: plastic bag with inlay

article no.	EAN 4006885...	description	cutting depth	quality of cut	for
2678000	...267800	2 sabre saw blades	6 - 100 mm	rough curved cuts	hardwood, wood with nails, plastic materials

Assortments

- packaging: plastic bag with inlay

article no.	EAN 4006885...	description	material	cutting depth	quality of cut	for
3599000	...359901	5 sabre saw blades	CV	5 - 100 mm	fine cuts	wood, non-ferrous metals
			CV	10 - 180 mm	fast, rough cuts	wooden beams, tree cutting
			CV	20 - 190 mm	fast, very rough cuts	soft wood, tree cutting
			BiM	2 - 8 mm	fine flush cuts	non-ferrous metals, aluminium, cast pipes
			BiM	1 - 3 mm	straight, fine cuts	sheet steel, non-ferrous metals

6.1 Jigsaw blades

- packaging: plastic bag on card

			HSS	1 - 3 mm	straight, fine cuts	sheet steel, non-ferrous metals

Sable saw blades for Tandem sabre saw

suitable for Bosch PFZ 1200 A, Bosch PFZ 1300 AE

- material: HCS
- tooth distance: 10 mm
- toothed length: 275 mm
- total length: 359 mm
- version: precision ground
- packaging: plastic bag with inlay

article no.	EAN 4006885...	description	quality of cut	for
2396000	...239609	1 set of sabre saw blades	rough cuts	soft wood, chipboards, wooden beams, plastic materials

Accessories for multi saw Bosch, Kress

suitable for Bosch, Kress

- material: HCS
- tooth form: straight-set and ground
- tooth distance: 4 mm
- toothed length: 125 mm
- total length: 150 mm
- version: conical back
- packaging: plastic bag with inlay

article no.	EAN 4006885...	description	shank	cutting depth	quality of cut	for
2669000	...266902	2 saw blades	T-shank	100 mm	rough cuts	hardwood, chipboards, plywood

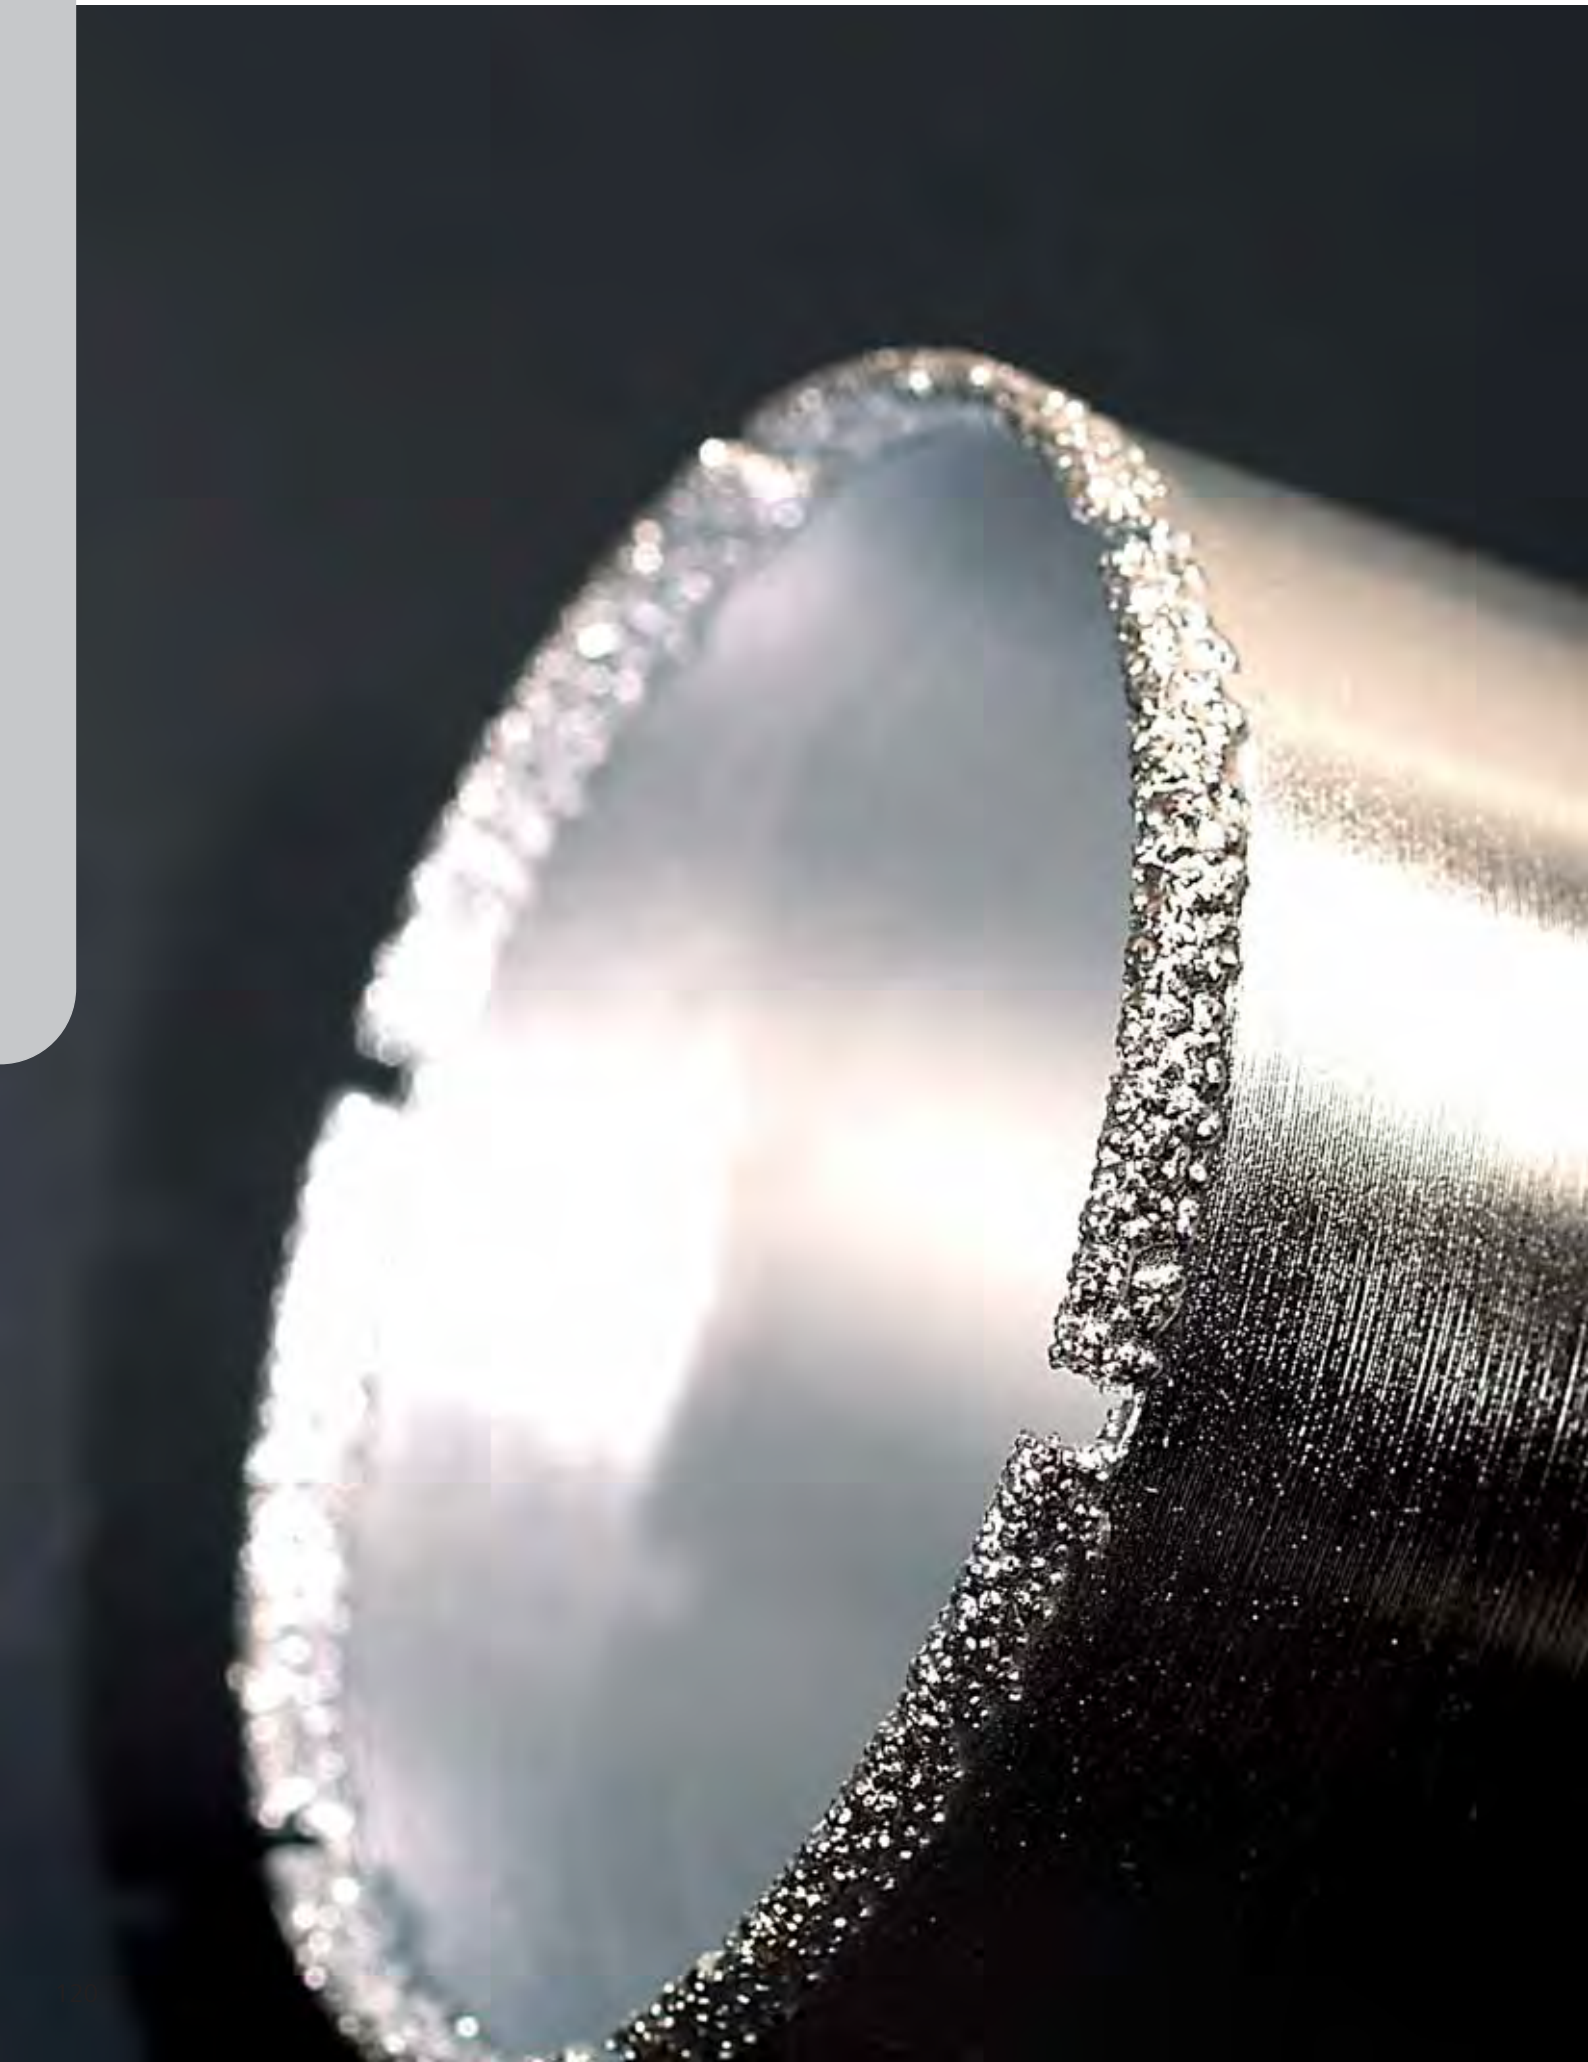
6.1 Jigsaw blades

Helical planer blades

- machine: electric hand planes
- can be used from both sides
- material: TCT
- for all types of wood, chipboards, wood core chipboards
- packaging: plastic bag with inlay

article no.	EAN 4006885...	description	suitable for	product dimensions
4110000	...411005	2 helical planer blades	AEG, Black & Decker, Bosch, Festo, Haffner, Holz-Her, Kress, MAFELL, Metabo, Scheer, Skil	1.1 x 75.5 x 5.5 mm
4111000	...411104	2 helical planer blades	Black & Decker	1.1 x 82.7 x 5.5 mm
4113000	...411302	2 helical planer blades	AEG, Black & Decker, Bosch, Fein, Festo, Haffner, Hitachi, Holz-Her, MAFELL, Makita, Metabo, Skil	1.1 x 82 x 5.5 mm

6.2 Hole saws / Annular bits



6.2 Hole saws / Annular bits

Secondary placement product for electric department. Packaging with user-oriented communication.

- for pipe installations and flush sockets
- for brick walls, natural stones, artificial stones, concrete, marble, tiles
- specially hardened, precise, wear-resistant drill shank
- specially soldered heat-resistant carbide plates
- version: mandrel SDS-plus, impact and shock resistant, 2 discharge holes
- including: 1 drill, ø 8 mm, TCT
- packaging: double blister

article no.	EAN 4006885...	description	Ø	cutting depth	thread
8914000	...891401	1 hollow annular bit with mandrel SDS-plus	ø 68 mm	46 mm	M 16

- for pipe installations and flush sockets
- for brick walls, natural stones, artificial stones, concrete, marble, tiles
- specially hardened, precise, wear-resistant drill shank
- specially soldered heat-resistant carbide plates
- version: mandrel SDS-plus, impact and shock resistant, 2 discharge holes
- including: 1 drill, ø 8 mm, TCT
- packaging: storage box on card
- separate accessories: 5425000, 5428000, 5482000

article no.	EAN 4006885...	description	Ø	cutting depth	thread
5480000	...548008	1 hollow annular bit with mandrel SDS-plus	ø 40 mm	46 mm	M 16

5482000	...548206	1 centring drill	ø 8 mm

Assortments

- for drilling holes for sockets
- suitable for all common socket combinations
- for brick walls, concrete, natural stone, wood, metal, plastic material
- content:
  1 hollow annular bit with mandrel SDS-plus, TCT, ø 68 mm
  1 hole saw, BiM, ø 68 mm, with hexagon shank, centring drill
  1 template
- in plastic case

article no.	EAN 4006885...	description
5982000	...598201	1 hole saw set "Universal"

6.2 Hole saws / Annular bits

Diamond hollow annular bits

- for mounting power sockets, distribution sockets and cavity sockets
- for brick walls
- quick, fine cuts
- work is vibration-free
- extremely long durability
- with brazed diamond segments
- version: 2 discharge holes, exterior conveyor screw
- packaging: storage box on card
- separate accessories: 5955000, 5956000

article no.	EAN 4006885...	description	Ø	cutting depth	thread

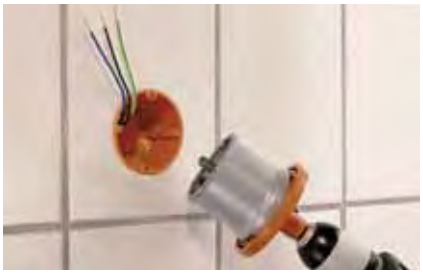
- material: TCT
- packaging: paperboard card
- suitable for 3465000, 3466000, 3467000, 3468000, 3469000, 3470000, 3472000, 3473000, 3474000, 3475000, 3476000, 3477000, 3478000, 3763000, 3893000, 3894000, 3895000, 3896000, 3897000, 3898000, 3899000

article no.	EAN 4006885...	description	Ø	length
3471000	...347106	1 centring drill	ø 8 mm	140 mm

6.2 Hole saws / Annular bits

Conduit hole saws



- for all installation work (sockets, distribution boxes, tubes)
- for brick walls, bricks, breeze blocks, gypsum plaster boards, tiles
- complete with receptacle plate and centering drill
- material: tungsten carbide coated
- packaging: storage box on card
- separate accessories: 3471000

article no.	EAN 4006885...	description	Ø	cutting depth
3478000	...347809	1 conduit hole saw set	ø 33, 53, 73, 83 mm	55 mm
3465000	...346505	1 conduit hole saw	ø 67 mm	55 mm
3470000	...347007	1 conduit hole saw	ø 73 mm	55 mm
3763000	...376304	1 conduit hole saw	ø 83 mm	55 mm

5424000

3464000

- for all installation work (sockets, distribution boxes, tubes)
- for brick walls, bricks, breeze blocks, plasterboards, tiles
- material: tungsten carbide coated
- in plastic case
- packaging: sticker

article no.	EAN 4006885...	description	cutting depth	content
3464000	...346406	1 conduit hole saw set "brick walls"	55 mm	5 hole saw blades ø 33, 53, 68, 73, 83 mm 1 receptacle plate 1 centring drill
5424000	...542402	1 conduit hole saw set "brick walls"	55 mm	5 hole saw blades ø 33, 43, 53, 68, 103 mm 1 receptacle plate 1 centring drill

6.2 Hole saws / Annular bits

Hole saws tungsten carbide coated

Secondary placement product for electric department. Packaging with user-oriented communication.

- to install flush sockets
- for brick walls, bricks, breeze blocks, gypsum plaster boards, tiles
- directly useable - no separate mandrel required
- also suitable for deep boreholes
- material: tungsten carbide coated
- including: 1 centring drill TCT, ø 8 mm, with hexagon shank
- packaging: storage box on card

article no.	EAN 4006885...	description	Ø	cutting depth
8913000	...891302	1 hole saw tungsten carbide coated with shank and drill	ø 68 mm	55 mm

- for all installation work (sockets, distribution boxes, tubes)
- for brick walls, bricks, breeze blocks, gypsum plaster boards, tiles
- directly useable - no separate mandrel required
- also suitable for deep boreholes
- material: tungsten carbide coated
- including: 1 centring drill TCT, ø 8 mm, with hexagon shank
- packaging: storage box on card
- separate accessories: 3471000, 3862000

article no.	EAN 4006885...	description	Ø	cutting depth

- suitable for 3498000, 3764000, 5422000, 5423000, 5462000, 5463000, 5464000, 5465000, 5466000, 5467000, 5469000, 5470000, 5471000, 5472000, 5473000, 5474000, 5475000, 5476000, 5484000, 5485000, 5486000, 5492000, 5493000, 5494000, 5495000, 5957000, 5958000

article no.	EAN 4006885...	description	Ø	length
5479000	...547902	1 centring drill	ø 6 mm	68 mm

6.2 Hole saws / Annular bits

Carbon steel hole saws

- ideal for drywall installation
- for plasterboards, soft wood, OSB panels, plywood, chipboards
- with hexagonal shank suitable for all power drills and cordless drills, up to Ø 68 mm additionally in drills with 1/4" receptacle or in bit holders
- special tooth geometry for fine and clean cuts
- drill core can be easily removed from the drill bit
- also suitable for cordless power tools with low driving force thanks to triple tooth groups
- straight-set groups of teeth
- packaging: storage box on card

article no.	EAN 4006885...	description	Ø	cutting depth	shank
5963000	...596306	1 carbon steel hole saw	ø 25 mm	30 mm	hexagon shank 1/4" (6,35 mm)

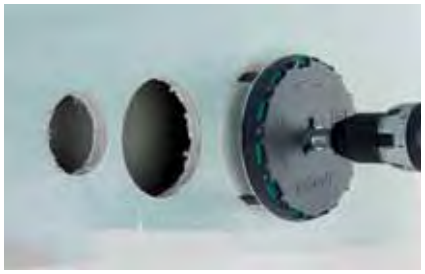
5973000	...597303	1 carbon steel hole saw	ø 127 mm	30 mm	hexagon shank

6.2 Hole saws / Annular bits

Adjustable hole saws



- for plasterboards, OSB panels, soft wood, plywood
- just one product for all standard radii in drywall installation
- convenient infinite adjustment in three steps: loosen – adjust synchronously – fasten
- special tooth geometry for fine and clean cuts
- three integrated scales for all standard dimensions
- protected work area thanks to large drill disc
- reliable dust extraction for permanently functional positioning mechanism
- with three straight-set, toothed blades
- packaging: double card with inlaid blister
- separate accessories: 5979000

article no.	EAN 4006885...	description	Ø	cutting depth	shank
5978000	...597808	1 AH 45-130 - adjustable hole saw	ø 45 - 130 mm	30 mm	triangular shank

- for wolfcraft hole saw AH 45-130 part no. 5978000
- packaging: plastic bag on card
- suitable for 5978000

article no.	EAN 4006885...	description
5979000	...597907	3 replacement blades

6.2 Hole saws / Annular bits

Professional hole saws

the recess cutter facilitates the flush installation of wall sockets in one work step

The precision hole saw for perfect and quick working

- for wood, plastic materials, gypsum plaster boards, construction panels
- the ejector ejects the drill core automatically
- hardened cutting teeth and a recess cutter for clean cuts and a long service life
- version: with ejector and deburrer
- including: 1 centring drill HCS, ø 6 mm
- packaging: storage box on card
- complementary products: 4050000

article no.	EAN 4006885...	description	Ø	cutting depth	shank
2158000	...215801	1 hole saw	ø 68 mm	40 mm	triangular shank

The professional hole saw inindustrial quality

- for wood, plastic materials, gypsum plaster boards, construction panels, non-ferrous metals
- version: tungsten steel saw blades
- metal body
- including:
  1 centring drill HSS, ø 6 mm
  5 quick-change saw blades
- packaging: storage box on card

article no.	EAN 4006885...	description	quick change saw blades	cutting depth	shank
2220000	...222007	1 professional hole saw	ø 28, 35, 50, 68, 75 mm	40 mm	hexagon shank

- for wood, gypsum plaster boards, construction panels, non-ferrous metals
- high cutting performance
- version: tungsten steel saw blades
- metal body
- including:
  1 centring drill, ø 8 mm
  3 quick-change saw blades
- packaging: storage box on card

article no.	EAN 4006885...	description	quick change saw blades	cutting depth	shank

6.2 Hole saws / Annular bits

Hole cutters for water taps

- for water taps
- simple and exact punching
- for sheet steel, stainless steel
- the work requires a slight effort only thanks to the ball bearing
- high durability
- including: 1 screw starter, ø 10.2 mm
- in storage box
- packaging: sticker

article no.	EAN 4006885...	description	version	Ø
3761000	...376106	1 hole cutter	with ball bearing	ø 32 mm (1 1/4")
3762000	...376205	1 hole cutter	with ball bearing	ø 35 mm (1 3/8")

Secondary placement product for sink department.

- for water taps
- simple and exact punching
- for sheet steel, stainless steel
- content:
  1 hole cutter, ø 35 mm
  2 HSS Metal drills rolled, ø 4, 10 mm
- packaging: sliding blister

article no.	EAN 4006885...	description	Ø
8925000	...892507	1 hole cutter set	ø 35 mm (1 3/8")

- for water taps

Hand screwdrivers

You will find a suitable screwdriver for any application in the wolfcraft range of manual screwdrivers, be it for more or less space or power. The ergonomic handles are very comfortable to hold and will ensure the optimal transmission of power.

- for standard applications in large, wide spaces with much room for movement
- 2-component handle
- packaging: fixed on card

article no.	EAN 4006885...	description	version	receptacle	length
8725000	...872509	1 hand screwdriver	long, with magnet and quick-change chuck	6,3 mm (1/4") hexagon receptacle	197 mm

6.3 Bits/ Handscrewdrivers/ Holders/ Adapters

- for working in narrow, cramped spaces
- optimal use with long bits
- 2-component handle
- packaging: fixed on card

article no.	EAN 4006885...	description	version	receptacle	length
1240000	...124004	1 hand screwdriver	medium, with magnet and quick-change chuck	6,3 mm (1/4") hexagon receptacle	138 mm

- ideal for small gaps and inaccessible sites
- the ergonomic grip will secure a high degree of power transmission
- 2-component handle
- packaging: fixed on card

article no.	EAN 4006885...	description	version	receptacle	length
1239000	...123908	1 hand screwdriver	short, with magnet and quick-change chuck	6,3 mm (1/4") hexagon receptacle	90 mm

- T-handle for high torque
- requires a minimum of power only, even for tight screws, thanks to the excellent power transmission
- working comfortably in any position, even over head
- 2-component handle
- packaging: fixed on card

article no.	EAN 4006885...	description	version	receptacle	length
1235000	...123502	1 T-hand screwdriver	with magnet	6,3 mm (1/4") hexagon receptacle	152 mm

6.3 Bits/ Handscrewdrivers/ Holders/ Adapters

The only hand screwdriver for curves!

- for areas difficult to access
- with holding ring for a precise guide of the hand screwdriver
- the ergonomic grip will secure a high degree of power transmission
- 2-component handle
- packaging: fixed on card

article no.	EAN 4006885...	description	version	receptacle	length
1236000	...123601	1 hand screwdriver	with flexible shaft, with magnet	6,3 mm (1/4") hexagon receptacle	289 mm

- for drilling and screwing at an angle of 90° angle in tight places
- the corner dimension is only 50 mm including a 25 mm bit
- packaging: blister on card

article no.	EAN 4006885...	description	receptacle	length
1573000	...157309	1 angled hand screwdriver	double-sided receptacle for 6,3 mm (1/4") hexagon bits	109 mm

- for hooks and eyebolts with a head width of up to 6 mm
- the handle with the hexagon receptacle is removable and can be used as manual screwdriver for bits, sockets, taps or countersinks
- minimal force
- working comfortably in any position, even over head
- the head can also be used in a cordless power drill with a maximum speed of 25 rpm
- packaging: fixed on card

article no.	EAN 4006885...	description	version	receptacle	length
2419000	...241909	1 hook screwdriver	with bit receptacle	6,3 mm (1/4") hexagon receptacle	104 mm

6.3 Bits/ Handscrewdrivers/ Holders/ Adapters

The mini-hand screwdriver with ratchet - ideal for every household!

- for working comfortably in narrow spaces
- for small repairing jobs, to bolt loose screws etc.
- assembled with 5 bits at the magazine - directly applicable
- with reversing switch for right and left rotation
- 2-component handle
- including:
  2 bits, slot 0,6 x 4,5 mm - 1,0 x 5,5 mm
  3 bits, Phillips PH 1 - 2 - 3
- packaging: double blister

article no.	EAN 4006885...	description	version	receptacle	length
1237000	...123700	1 miniature hand screwdriver	with ratchet, with magnet	6,3 mm (1/4") hexagon receptacle	116 mm

Bit Holders / Adapters

Bit holders

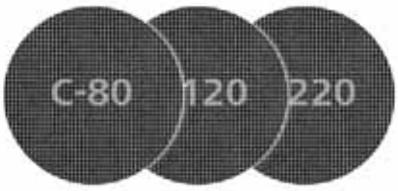
3191000	...319103	5 easy fix sanding discs	ø 125 mm	280	paperboard card
3192000	...319202	5 easy fix sanding discs	ø 125 mm	400	paperboard card

6.4 Abrasives

Easy fix sanding pads ø 125 mm

suitable for AEG, Atlas Copco, Black & Decker, Bosch, DeWalt, Einhell, Elu, Fein, Ferm, Festo, Flex, Güde, Hitachi, Kinzo, Kress, Mac Allister, Makita, Metabo, Milwaukee, RYOBI, Skil, Stanley, wolfcraft, Worx



- machine: eccentric sanders and surface sanders 5894000
- for plasterboards, wood, paint
- high-quality grinding stone
- resin-bonded
- up to 4 times more durable than standard sanding paper
- perfect performance on very dusty surfaces
- the open-pore structure will allow the perfect extraction of dust on all sanders with dust extraction
- with easy-fix fibre for a fast change of the sanding paper
- material: silicium-carbide
- suitable for 2211000, 2223000, 5894000

article no.	EAN 4006885...	description	Ø	grain	packaging
8464000	...846401	5 easy fix sanding pads	ø 125 mm	80, 120, 220	paperboard card

Easy fix burnishing pads ø 125 mm

MADE IN EUROPE

- machine: eccentric sanders
- for fine grinding
- for wood, OSB panels, metal, sheet steel, stainless steel
- innovative and highly effective burnishing pad
- suitable for 2211000, 2223000, 5894000

article no.	EAN 4006885...	description	Ø	grain	packaging
3169000	...316904	2 easy fix burnishing pads	ø 125 mm	280	paperboard card

Easy fix sanding discs corundum ø 150 mm

suitable for AEG, Atlas Copco, Bosch, DeWalt, Elu, Felisatti, Flex, Hilti, Kress, Metabo, Milwaukee, Peugeot, Wegoma

- machine: eccentric sanders
- for wood, metals
- high durability
- resin-bonded
- fibre reinforced
- material: corundum

2068000	...206809	1 sanding sheet	24	without holes	115 mm	280 mm	bulk

Easy fix sanding pads 93 x 190 mm

suitable for AEG, Atlas Copco, ayce, Black & Decker, Bosch, Einhell, Festool, Holz-Her, Makita, Metabo, Peugeot, RYOBI, Skil, Worx

- machine: orbital sanders, hand-held sanders
- for gypsum plaster boards, wood, paint
- high-quality grinding stone
- resin-bonded
- up to 4 times more durable than standard sanding paper
- perfect performance on very dusty surfaces
- the open-pore structure will allow the perfect extraction of dust on all sanders with dust extraction
- with easy-fix fibre for a fast change of the sanding paper
- material: silicium-carbide

2178000	...217805	1 hobby polishing set

6.4 Abrasives

- content:
  1 felt buffing wheel, ø 85 mm
  1 sisal knurled brush, ø 85 mm
  2 polishing pastes
  1 mandrel
- packaging: blister on card

article no.	EAN 4006885...	description
2179000	...217904	1 professional polishing set

- for applying polishes and waxes
- content:
  1 polishing sponge, ø 125 mm
  1 easy fix lambswool bonnet, ø 125 mm
  1 hand fleece disc, ø 125 mm
- packaging: paperboard card

article no.	EAN 4006885...	description
3165000	...316508	1 hand polishing set

Mounted stones

- for metals, glass, ceramics, plastic materials
- material: aluminium oxide
- packaging: blister on card

article no.	EAN 4006885...	description	Ø	form	height of grinding tool	shank

Silver series - easy, fast cuts

- longitudinal cuts
- for chipboards, plywood, coated wood and chipboards, single-sided veneered boards
- with diamond-ground carbide-tipped teeth
- firm, tear-free cutting edges
- noise insulation by laser slots and a reduced thickness of the saw blade body
- material: TCT
- surface brightly polished
- shot-blasted tooth rim, laser and cooling slots
- flat concave tooth (hollow face)
- quality of cut: easy, fast cuts
- packaging: double card with inlaid blister

6.6 Saw blades

Circular table saw blades

Orange series - fine, clean cuts

- length and cross cuts
- for solid wood, chipboards, plywood, wood core chipboards, fibre boards, profiled boards, panels
- tear-free cutting edges
- material: TCT
- surface bright polished
- shot-blasted tooth rim
- universal alternate tooth
- quality of cut: fine, clean cuts
- packaging: covering box

article no.	EAN 4006885...	description	Ø	bore	cutting width	teeth

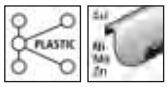
Cross and mitre cut saw blades

Purple series - fine, clean cuts



- precision cuts
- for non-ferrous metals, plastic materials, fibre glass reinforced plastic
- diamond ground
- material: TCT
- surface brightly polished
- shot-blasted tooth rim
- flat trapezoidal tooth with negative rake
- quality of cut: fine, clean cuts
- packaging: double card

article no.	EAN 4006885...	description	Ø	bore	cutting width	teeth

6.6 Saw blades

article no.	EAN 4006885...	description	Ø	bore	cutting width	teeth
6537000	...653702	1 saw blade "Profi Plus"	ø 250 mm	ø 30 mm	3.4 mm	80

Silver series - cleanest cuts

- for plywood, coated wood and chipboards, single-sided veneered boards, profiled boards, panels
- diamond ground
- noise insulation by laser slots
- material: TCT
- surface brightly polished
- shot-blasted tooth rim, laser and cooling slots
- flat concave tooth (hollow face) with negative rake
- quality of cut: cleanest cuts
- packaging: double card

article no.	EAN 4006885...	description	Ø	bore	cutting width	teeth

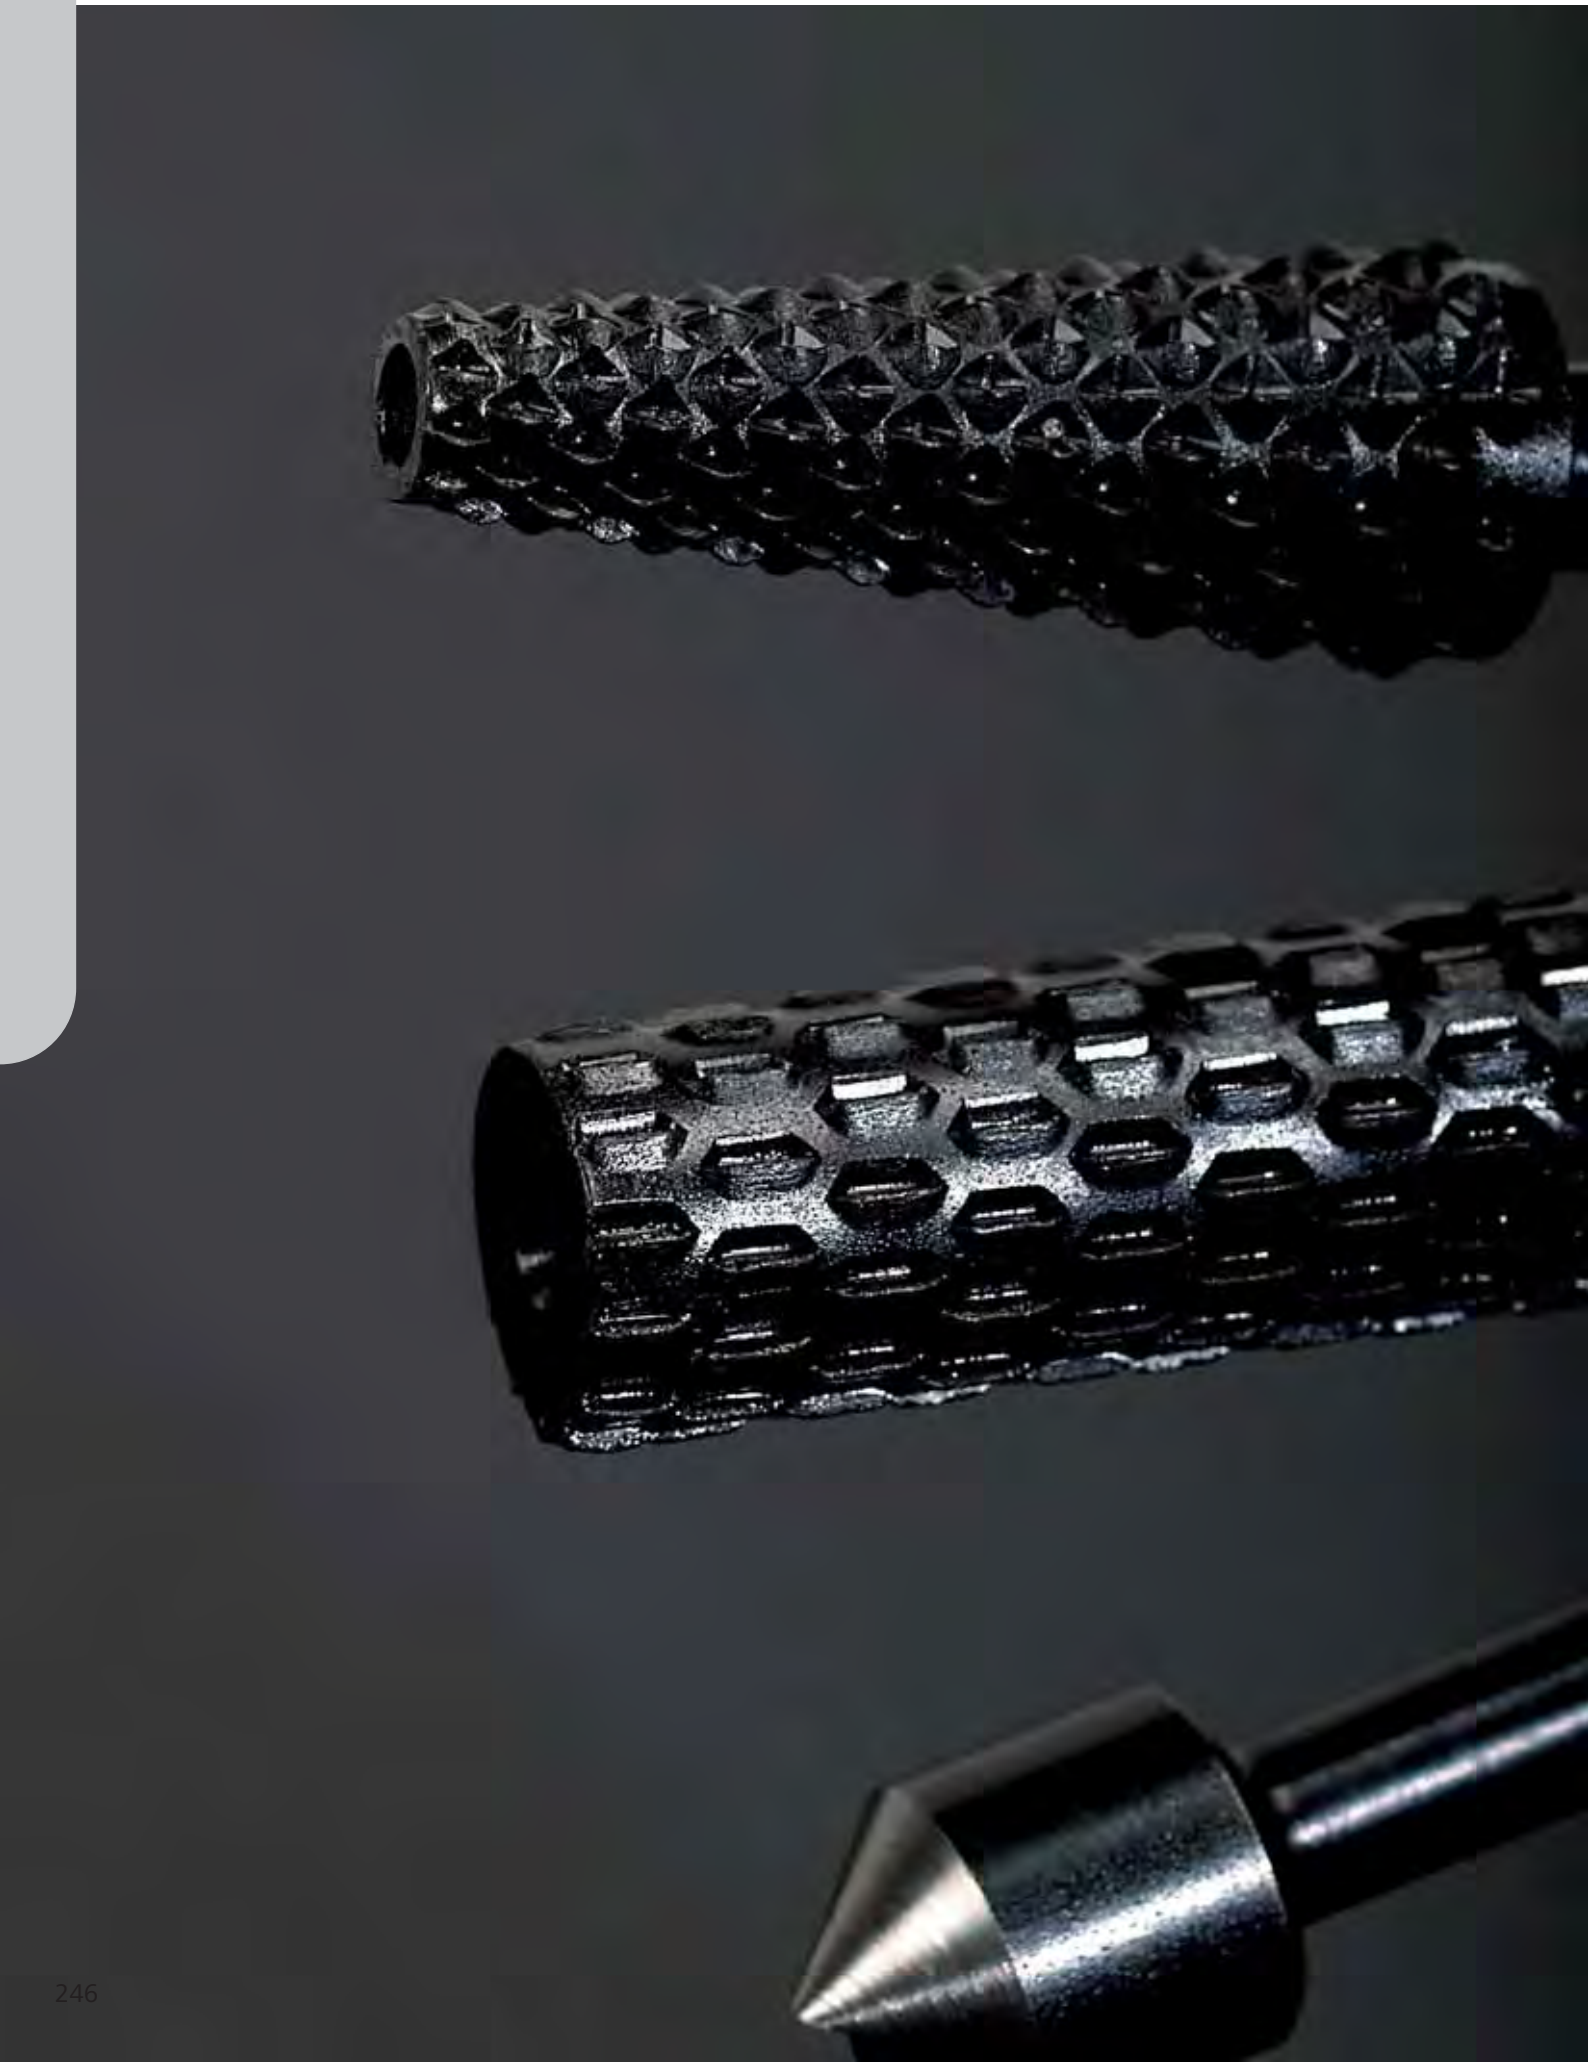
6.7 Rasps / Countersinks



Countersinks

- for wood, plastic materials, non-ferrous metals
- material: tool steel
- packaging: blister on card

article no.	EAN 4006885...	description	Ø	angle	shank
2504000	...250406	3 countersinks	ø 6, 12, 16 mm	45°	ø 6 mm

- for metals, plastic materials, wood
- material: HSS
- version: 3 cutting edges
- packaging: blister on card

article no.	EAN 4006885...	description	Ø	angle	shank
2505000	...250505	1 countersink	ø 12 mm	45°	ø 8 mm
2506000	...250604	1 countersink	ø 16 mm	45°	ø 8 mm

- for wood, plastic materials, non-ferrous metals
- drills and sinks in one workstep
- avoids the unintentional ripping of wood
- 1/4" hexagonal shank for quick tool changes in bit holders
- material: tool steel
- version: 3 cutting edges
- packaging: blister on card

article no.	EAN 4006885...	description	Ø	angle	for
2546000	...254602	1 countersink	ø 3 - 8 mm	45°	for countersink screws ø 3,5 - 4 mm
2547000	...254701	1 countersink	ø 4 - 10 mm	45°	for countersink screws ø 4,5 - 5 mm
2548000	...254800	1 countersink	ø 5 - 12 mm	45°	for countersink screws ø 5,5 - 6 mm

6.7 Rasps / Countersinks

- for wood, plastic materials, non-ferrous metals
- 1/4" hexagonal shank for quick tool changes in bit holders
- material: tool steel
- version: 1 cutting edge
- packaging: blister on card

article no.	EAN 4006885...	description	Ø	angle
2582000	...258204	1 countersink	ø 10 mm	45°
2576000	...257603	1 countersink	ø 12 mm	45°
2577000	...257702	1 countersink	ø 16 mm	45°
2578000	...257801	1 countersink	ø 19 mm	45°
2584000	...258402	3 countersinks	ø 12, 16, 19 mm	45°

- for sheet steel, wood, plastic materials
- 1/4" hexagonal shank for quick tool changes in bit holders
- material: HSS
- version: 3 cutting edges
- packaging: blister on card

article no.	EAN 4006885...	description	Ø	angle
2583000	...258303	1 countersink	ø 10 mm	45°
2580000	...258006	1 countersink	ø 12 mm	45°
2581000	...258105	1 countersink	ø 16 mm	45°

- machine: cordless screwdrivers
- ideally suited for counterboring prior to flush fastening
- deep countersinking possible - the screw head can be placed underneath the surface
- for wood, plastic materials, non-ferrous metals
- cross hole with groove for optimum chip removal while working
- 1/4" hexagonal shank (E6.3) for quick tool changes in bit holders
- material: tool steel
- version: 1 cutting edge
- packaging: blister on card

article no.	EAN 4006885...	description	Ø	angle	length
4370000	...437005	1 deburring counter	ø 8 mm	45°	38 mm
4371000	...437104	1 deburring counter	ø 10 mm	45°	39 mm
4372000	...437203	1 deburring counter	ø 12 mm	45°	41 mm
4373000	...437302	1 deburring counter	ø 16 mm	45°	46 mm
4374000	...437401	1 deburring counter	ø 20 mm	45°	48 mm
4375000	...437500	3 deburring counters	ø 8, 12, 16 mm	45°	

6.7 Rasps / Countersinks

Hand countersinks

- for wood, aluminium profiles, plastic materials
- version: 3 cutting edges
- material: plastic and WS
- packaging: blister on card

article no.	EAN 4006885...	description	Ø	angle
4315000	...431508	1 hand countersink	ø 19 mm	45°

Screw starters with countersink

- for wood, plastic materials
- drills and sinks in one workstep
- version: with countersink
- packaging: blister on card

article no.	EAN 4006885...	description	Ø	angle	drill	for
2498000	...249806	1 screw starter	ø 3.2 - 12 mm	45°	ø 3.2 mm	for countersink screws ø 3,5 - 4.5 mm
2500000	...250000	1 screw starter	ø 3.5 - 9.5 mm	45°	ø 3.5 mm	for countersink screws ø 4 - 4,5 mm
2511000	...251106	1 screw starter	ø 4.5 - 11 mm	45°	ø 4.5 mm	for countersink screws ø 5 - 6 mm
2499000	...249905	1 screw starter	ø 4.5 - 16 mm	45°	ø 4.5 mm	for countersink screws ø 5 - 6 mm

- especially for drilling in terrace wood
- for wood, plastic materials
- drills and sinks in one workstep
- 1/4" hexagonal shank for quick tool changes in bit holders
- version: with countersink
- packaging: blister on card

article no.	EAN 4006885...	description	Ø	angle	for
2545000	...254503	1 screw starter	ø 4.5 - 12 mm	45°	for countersink screws ø 5 - 6 mm

6.7 Rasps / Countersinks

- for wood, plastic materials, non-ferrous metals
- 1/4" hexagonal shank for quick tool changes in bit holders
- drills and sinks in one workstep
- thanks to the adjustable depth stop perfect for series drilling; always the same depth
- version: with countersink, with adjustable depth stop
- packaging: blister on card

article no.	EAN 4006885...	description	Ø	angle	for
2544000	...254404	1 screw starter	ø 3.2 - 12 mm	45°	for countersink screws ø 4 - 5 mm

Assortments

- for wood, plastic material, non-ferrous metals
- shank: hexagon shank
- content:
  1 bit holder, with magnet
  3 countersinks, ø 8, 10, 12 mm
  3 bits, Pozidriv PZ 1 - 2 - 3
  3 bits, Torx TX 15 - 20 - 30
- packaging: blister on card

article no.	EAN 4006885...	description
2542000	...254206	1 screwing set

Rotary rasps

- for preparing recesses and the quick removal of material
- for wood
- material: tool steel
- packaging: blister on card

article no.	EAN 4006885...	description	Ø	working length	form	shank
2530000	...253001	1 rotary rasp	ø 12 mm	35 mm	cylindrical	ø 6.35 mm
2531000	...253100	1 rotary rasp	ø 12 mm	35 mm	cylindrically curved	ø 6.35 mm
2532000	...253209	1 rotary rasp	ø 5 - 12 mm	35 mm	conical	ø 6.35 mm
2533000	...253308	1 rotary rasp	ø 14 mm	14 mm	spherical	ø 6.35 mm
2536000	...253605	1 rotary rasp	ø 14 mm	30 mm	pear-shaped	ø 6.35 mm

6.7 Rasps / Countersinks

- machine: cordless screwdrivers
- for preparing recesses and the quick removal of material
- for wood
- 1/4" hexagonal shank (E6.3) for quick tool changes in bit holders
- material: tool steel
- packaging: blister on card

article no.	EAN 4006885...	description	Ø	working length	form	length

4379000	...437906	1 rotary rasp	ø 15 mm		spherical	41 mm

- for sheet steel, aluminium, non-ferrous metals
- material: tool steel
- packaging: blister on card

article no.	EAN 4006885...	description	Ø	working length	form	shank
2534000	...253407	1 rotary rasp	ø 12.5 mm	35 mm	cylindrical	ø 6.35 mm
2535000	...253506	1 rotary rasp	ø 5 - 12 mm	35 mm	conical	ø 6.35 mm

- machine: cordless screwdrivers
- for sheet steel, aluminium, non-ferrous metals
- 1/4" hexagonal shank (E6.3) for quick tool changes in bit holders
- material: tool steel
- packaging: blister on card

article no.	EAN 4006885...	description	Ø	working length	form	length
4380000	...438007	1 rotary rasp	ø 12 mm	22 mm	cylindrical	48 mm
4381000	...438101	1 rotary rasp	ø 6 - 11 mm	22 mm	conical	48 mm

6.7 Rasps / Countersinks

Assortments

- for preparing recesses and the quick removal of material
- material: tool steel
- content:
  1 rotary rasp, ø 12 mm, cylindrical, wood
  1 rotary rasp, ø 5 - 12 mm, conical, wood
  1 rotary rasp, ø 14 mm, spherical, wood
  1 rotary rasp, ø 12 mm, cylindrical, metal
  1 countersink, ø 12 mm, wood
- packaging: blister on card

article no.	EAN 4006885...	description	shank
2540000	...254008	1 rasp and countersink set	ø 6.35 mm

Drum rasps

- for wood, aluminium
- no glazing
- no re-sharpening required
- material: tool steel
- packaging: blister on card

article no.	EAN 4006885...	description	Ø	working length	shank
2520000	...252004	1 drum rasp	ø 52 mm	30 mm	ø 6 mm

- for wood, aluminium, sheet steel
- content:
  1 roughing rasp, ø 52 mm
  1 smooth polishing rasp, ø 52 mm
  1 sanding belt, ø 45 mm, coarse
  1 sanding belt, ø 45 mm, fine
- packaging: blister on card
- separate accessories: 2039000

article no.	EAN 4006885...	description	shank
2521000	...252103	1 drum rasp set	ø 6 mm

6.7 Rasps / Countersinks

Enlarging mills

- for wood, plastic materials, non-ferrous metals
- material: WS
- packaging: blister on card

article no.	EAN 4006885...	description	Ø	working length	shank
2523000	...252301	1 enlarging mill	ø 6 - 24 mm	32 mm	ø 8 mm

- for plastic materials, non-ferrous metals, sheet steel, stainless steel
- version: 2 cutting edges
- material: HSS
- packaging: blister on card

6.8 Drill chucks

- machine: hammer drills with SDS-plus holder
- for drill chucks with 13 (1/2") x 20 mm female thread
- only for rotary use - not impact-resistant
- packaging: blister on card

article no.	EAN 4006885...	description	shank
2640000	...264007	1 drill chuck adapter	SDS-plus

Assortments

- machine: hammer drills with SDS-plus holder
- series "Economy line"
- only for rotary use - not impact-resistant
- content:
  1 drill chuck, 1.5 - 13 mm, female thread 13 (1/2") x 20 mm
  1 chuck key, S2A
  1 drill chuck adapter, SDS-plus, with 13 (1/2") x 20 mm thread
- packaging: double blister

article no.	EAN 4006885...	description	shank
2649000	...264908	1 SDS-plus set "Economy line"	SDS-plus

Flexible shafts

- machine: power drills
- with anti-kink device
- clockwise rotation
- max. 3,500 RPM
- including:
  1 key-type drill chuck, 8 mm
  1 chuck key
- packaging: fixed on card

Drill stands

1 drill stand

depth adjustment by means of a depth stop with quick adjuster

cable routing

- for drilling flat surfaces, round work pieces and battens with absolute precision
- milled worktop with clamping grooves for fastening clamping blocks or vices
- sturdy 40 mm round column with a 340 mm long toothed rack screwed on - no twisting while drilling
- integrated return spring
- locking button for series drilling
- adjustable scale ring for setting the accurate drilling depth down to the last millimeter
- with cable holder
- working height 305 mm
- Euronorm collar ø 43 mm
- strong cast iron plate 203 x 307 mm
- packaging: covering box

Drill guides

Freehand drilling, just like the professionals!

1 tecmobil - mobile drill stand

with connector for dust extraction - dust free and precise drilling in every position

tiltable double guide bars with scale for precision drilling +/- 45°

additional handle for precise placement and against skidding when drilling

integrated V-groove for securely fixing round workpieces

The ideal accessory for your power drill, for precision drilling and hole sawing at given angles in any situation - on the wall, overhead, on slants, in round workpieces, battens and shaped sections.

- machine: power drills
- with connector for dust extraction - dust free and precise drilling in every position
- tiltable double guide bars with scale for precision drilling +/- 45°
- infinitely adjustable depth stop
- straight guide for drilling a number of holes in a line
- additional handle for precise placement and against skidding when drilling
- the versatile mobile drill stand can also be turned into a stationary drill thanks to the four holes in the base plate
- integrated V-groove for securely fixing round workpieces
- base plate with centring mechanism allows centered drilling
- no more searching for drills - drill stack inside handle
- Euronorm collar ø 43 mm
- packaging: covering box

article no.	EAN 4006885...	description	product dimensions
4522000	...452206	1 tecmobil - mobile drill stand	265 x 295 x 150 mm

6.11 Attachments

- machine: power drills
- handy drilling aid
- rapid assembling system without tools
- handle and rubber buffers for fixing the appliance safely prevents the drill from running off
- positioning lines and an inspection hole will pinpoint the borehole
- integrated dust collection bag
- Euronorm collar ø 43 mm
- packaging: fixed on card

article no.	EAN 4006885...	description	product dimensions
4521000	...452107	1 tecmobil 200 - mobile drilling aid	240 x 270 x 85 mm

- machine: cordless screwdrivers and power drills
- for drilling rectangular holes in a speedy and simple way - also for the less experienced craftsman
- rubber buffers prevent the drill from running off on smooth surfaces
- positioning lines for drilling precise boreholes
- integrated V-groove for securely fixing round workpieces
- 5 metal drill guide bushes for drills ø 4, 5, 6, 8, 10 mm
- packaging: blister on card

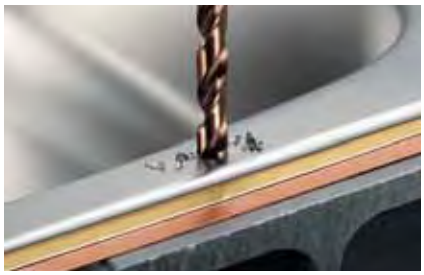
Metal drills

HSSCo Metal drills



- for boreholes in extremely hard and very abrasive (abrading) materials
- for stainless steel, annealed cast iron, bronze, sheet steel, car bodies, plastic materials, metals, hard materials
- high true running accuracy and break resistance
- highest durability under highest loads
- extremly heat-resistant
- according to DIN 338
- version: precision ground
- material: HSS-Co
- point angle: 135°
- spiral section with decreasing diameter

Wood drills

HSS-Wood twist drills "Professional"

- particularly suitable for use in furniture making or wooden terrace construction
- for wood, hardwood, terrace wood
- for extremely hard woods
- with 2 guide chamfers for improved drill hole guidance
- with large chip guide groove for optimum chip removal
- version: with self-cutting centre point
- material: HSS
- packaging: storage box on card

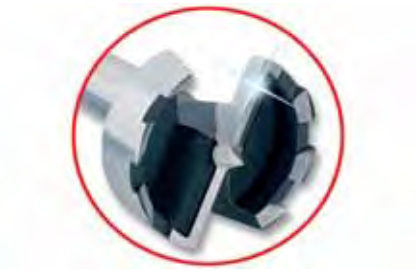
8728000	...872806	1 forstner drill	ø 35 mm	90 mm	ø 10 mm



special cutting edge geometry

The special cutting edge geometry of wolfcraft's Forstner drill prevents unintentional heat while drilling. The drilling result is accurate and without any scorch marks on the workpiece.

- for drilling tear-free & precise holes to measure
- edge holes in all types of soft wood and plastic- coated chipboard
- special cutting edge geometry = shorter drilling time = no burned spots in the wood
- drilling with less energy = extends the machine's service life
- version: with centre point, 2 main cutting edges, pinnacle-type peripheral cutting edges
- material: high-quality tool steel
- packaging: double blister

Hammer drills with SDS-plus shank "Professional 4-Cut"

- machine: hammer drills with SDS-plus holder
- for reinforced concrete, granite, brick walls, natural stones, artificial stones
- particularly suitable for reinforced concrete
- longer lifetime - special helix to reduce the vibration loads from hammer drilling
- longer service life - distribution of shearing forces on 2 levels through different cutting depths of main and auxiliary cutter
- optimal power transfer through laterally supported solid hard-metal head with 4 cutters and depth-offset seating in the drill body
- material: TCT
- in plastic box
- packaging: SDS-plus clip

6.12 Drills / Chisels

Hammer drills with SDS-plus shank "Professional"

- machine: hammer drills with SDS-plus holder
- for concrete, granite, brick walls, natural stones, artificial stones
- specially soldered, fully embedded TCT cutting plate with pronounced centring tip
- longer lifetime - special helix to reduce the vibration loads from hammer drilling
- higher drilling speed - the special helix will ensure the optimal transmission of the hammer drill's impact energy
- version: made of chrome-nickel-molybdenum steel, shot-peened and intermediate level hardened
- material: TCT
- packaging: SDS-plus clip

Diamond cutting discs

Diamond cutting discs "Expert Universal"

- machine: angle grinders
- for reinforced concrete, granite, clinker, natural stone, pumice stone, marble, sand lime bricks, roofing tiles
- comfortable working
- high cutting performance, long lifetime
- very large cutting area
- high degree of safety through production "Made in Germany"
- 100% quality control before delivery
- according to EN 13236
- version: welded, segmented cutting edge
- cutting rate: max. 80 m/sec
- packaging: paperboard card

article no.	EAN 4006885...	description	Ø	bore	height of segment

6.15 Health and safety

Breathing protection

- **FFP1 masks afford protection against bothersome dust and smoke (solid particles), although the latter do not constitute a direct health hazard. The admissible maximum pollutant concentration is the four-fold MAK* value.**
- **FFP2 masks afford protection against solid & liquid particles that are damaging to the health. The admissible maximum pollutant concentration is the 10-fold MAK* value.**
- **FFP3 masks protect against toxic, solid & liquid particles as well as particles from carcinogenic and radioactive substances, spores, bacteria, viruses and enzymes. The admissible maximum pollutant concentration is the 30-fold MAK* value.**
- **A1P2 filters protect against organic gas and vapour, as released from solvents, lacquers and glue, as well as against solid and liquid particles that are hazardous to health. The admissible maximum pollutant concentration is the 10-fold MAK* value.**
- **ABEK filters protect against organic and inorganic gas and vapour as well as acid gas, ammonia and organic ammonia derivates. The admissible maximum pollutant concentration is the 30-fold MAK* value.**

***The MAK value represents the maximum concentration of a substance in the (breathing) air at the workplace in the form of gas, vapour or suspended particles, which is not considered hazardous to the health, even if one is usually exposed to such concentration 8 hours a day and a maximum of 40 hours a week.**

- protection against coarse non-toxic dust, as generated when removing rust, working with filler/cement or on brickwork etc.
- comfortable fit thanks to the mouldable nose piece and soft filter material
- special filter material for easy breathing
- according to DIN EN 149:2001+A1:2009

article no.	EAN 4006885...	description	filter category	packaging
4831000	...483101	3 fine dust masks	FFP1	double blister on card

- particularly suitable for influenza prevention, such as influenza A/H1N1 swine flu
- protection against toxic substances, generated when grinding stainless steel, when welding aluminium or when working with asbestos
- comfortable fit thanks to the mouldable nose piece and soft filter material
- special filter material and valve for making breathing easier
- with adjustable rubber band to fit each head size
- according to DIN EN 149:2001+A1:2009
- packaging: double blister on card

article no.	EAN 4006885...	description	filter category	version
4842000	...484207	2 fine dust masks	FFP3 V	with breathing filter

- for jobs with coarse, non-hazardous materials (such as polysterene, lawn cutting, leaf raking etc.)
- Hygienic mask - no personal protective equipment!
- packaging: double blister on card

article no.	EAN 4006885...	description
4849000	...484900	5 hygienic masks

6.15 Health and safety

- protection against gas and vapour, from e.g. solvents, lacquer or adhesives
- good sealing thanks to the variable sealing lip system
- two wide and adjustable elastic band with quick-release fastener will afford the ideal fit for each head size
- according to DIN EN 14387:2004 + A1:2008
- packaging: plastic bag on card
- separate accessories: 4851000, 4852000

article no.	EAN 4006885...	description	version
4850000	...485006	1 half-mask	with replacement filter A1P2

- according to DIN EN 14387:2004 + A1:2008
- suitable for 4850000

article no.	EAN 4006885...	description	packaging
4851000	...485105	1 replacement filter ABEK	double blister on card
4852000	...485204	1 replacement filter A1P2	plastic bag on card

Ear protection

Capsular hearing protectors cover the entire pinna and are suitable if they have to be taken off and put on again frequently. Ear plugs are worn in the auditory canal and are recommended in cases of continuous noise. The single number rating (SNR value) refers to the mean attenuation of the sound level in decibel. The HML value indicate the specific insulation in high, middle and low frequences.

Lightweight hearing protection for occasional use

- the height of the capsule can be easily adjusted
- according to DIN EN 352-1:2002
- packaging: double blister on card

article no.	EAN 4006885...	description	SNR value	HML values
4868000	...486805	1 ear defenders "Standard"	19 db	H 22 / M 15 / L 11 db

6.15 Health and safety

foldable - space-saving storage

Foldable hearing protection for permanent using in loud surroundings

- size adjustable
- according to DIN EN 352-1:2002
- packaging: double blister on card

article no.	EAN 4006885...	description	SNR value	HML values
4865000	...486508	1 ear defenders "Compact"	24 db	H 32 / M 21 / L 13 db

Professionel hearing protection for using in extremely loud surroundings

- for working with a plate vibrator, a compressor or similar equipment
- the ergonomically shaped and stable headband provides highest comfort, even when worn over long hours
- size adjustable
- according to DIN EN 352-1:2002
- packaging: double blister on card

article no.	EAN 4006885...	description	SNR value	HML values
4867000	...486706	1 ear defenders "Profi"	24 db	H 29 / M 22 / L 13 db

Comfortable reusable plugs

- fins seal the ear passage, without exerting uncomfortable pressure
- according to DIN EN 352-2:2002
- material: soft, thermoplastic material
- packaging: double blister on card

article no.	EAN 4006885...	description	SNR value	HML values
4866000	...486607	1 pair of ear plugs	20 db	H 21 / M 16 / L 15 db

6.15 Health and safety

Comfortable reusable plugs with cord

- fins seal the ear passage, without exerting uncomfortable pressure
- with cord, for jobs with many interruptions
- according to DIN EN 352-2:2002
- material: soft, thermoplastic material
- packaging: double blister on card

article no.	EAN 4006885...	description	SNR value	HML values
4872000	...487208	1 pair of ear plugs	20 db	H 21 / M 16 / L 15 db

The inexpensive disposable ear plugs

- for extreme noisy conditions
- easily formed to fit perfectly into the ear passage
- according to DIN EN 352-2:2002
- packaging: double blister on card

article no.	EAN 4006885...	description	SNR value	HML values
4874000	...487406	4 pairs of ear plugs one-way	30 db	H 31 / M 27 / L 21 db

6.15 Health and safety

Head protection

- impact energy absorbing shape
- universal case for hearing protectors
- with drip rail
- roughened top area minimizes scratches
- easy size adjustment
- according to DIN EN 397:2012 + A1:2012
- packaging: sticker

article no.	EAN 4006885...	description	colour
4853000	...485303	1 protective helmet	yellow
4855000	...485501	1 protective helmet	white

Sporty baseball-style cap with shell inside as a means of impact protection

- to protect the head against bumps and abrasion on objects, equipments, wood, stone etc.
- for fields of application, where the legislator does not stipulate the use of a protective helmet pursuant to DIN EN 397, such as for gardening or for the interior finishing of houses
- according to DIN EN 812:2012
- packaging: sticker

article no.	EAN 4006885...	description	colour
4858000	...485808	1 cap	black

6.15 Health and safety

Body protection

Universal disposable overall with hood

- protects against dust and dirt
- breathable
- with elastic band in the hood for optimal adjustment
- elastic band at the waistline, and at the end of armsand legs
- with zip cover
- packaging: plastic bag with inlay

article no.	EAN 4006885...	description	size	colour
4890000	...489004	1 disposable overall	XL	white

- can be used to prevent footprints from dirty and dusty shoes
- for laying laminate, tiles, carpets etc.
- length ca. 40 cm
- packaging: plastic bag on card

article no.	EAN 4006885...	description	colour
4877000	...487703	2 pairs of shoe covers	white

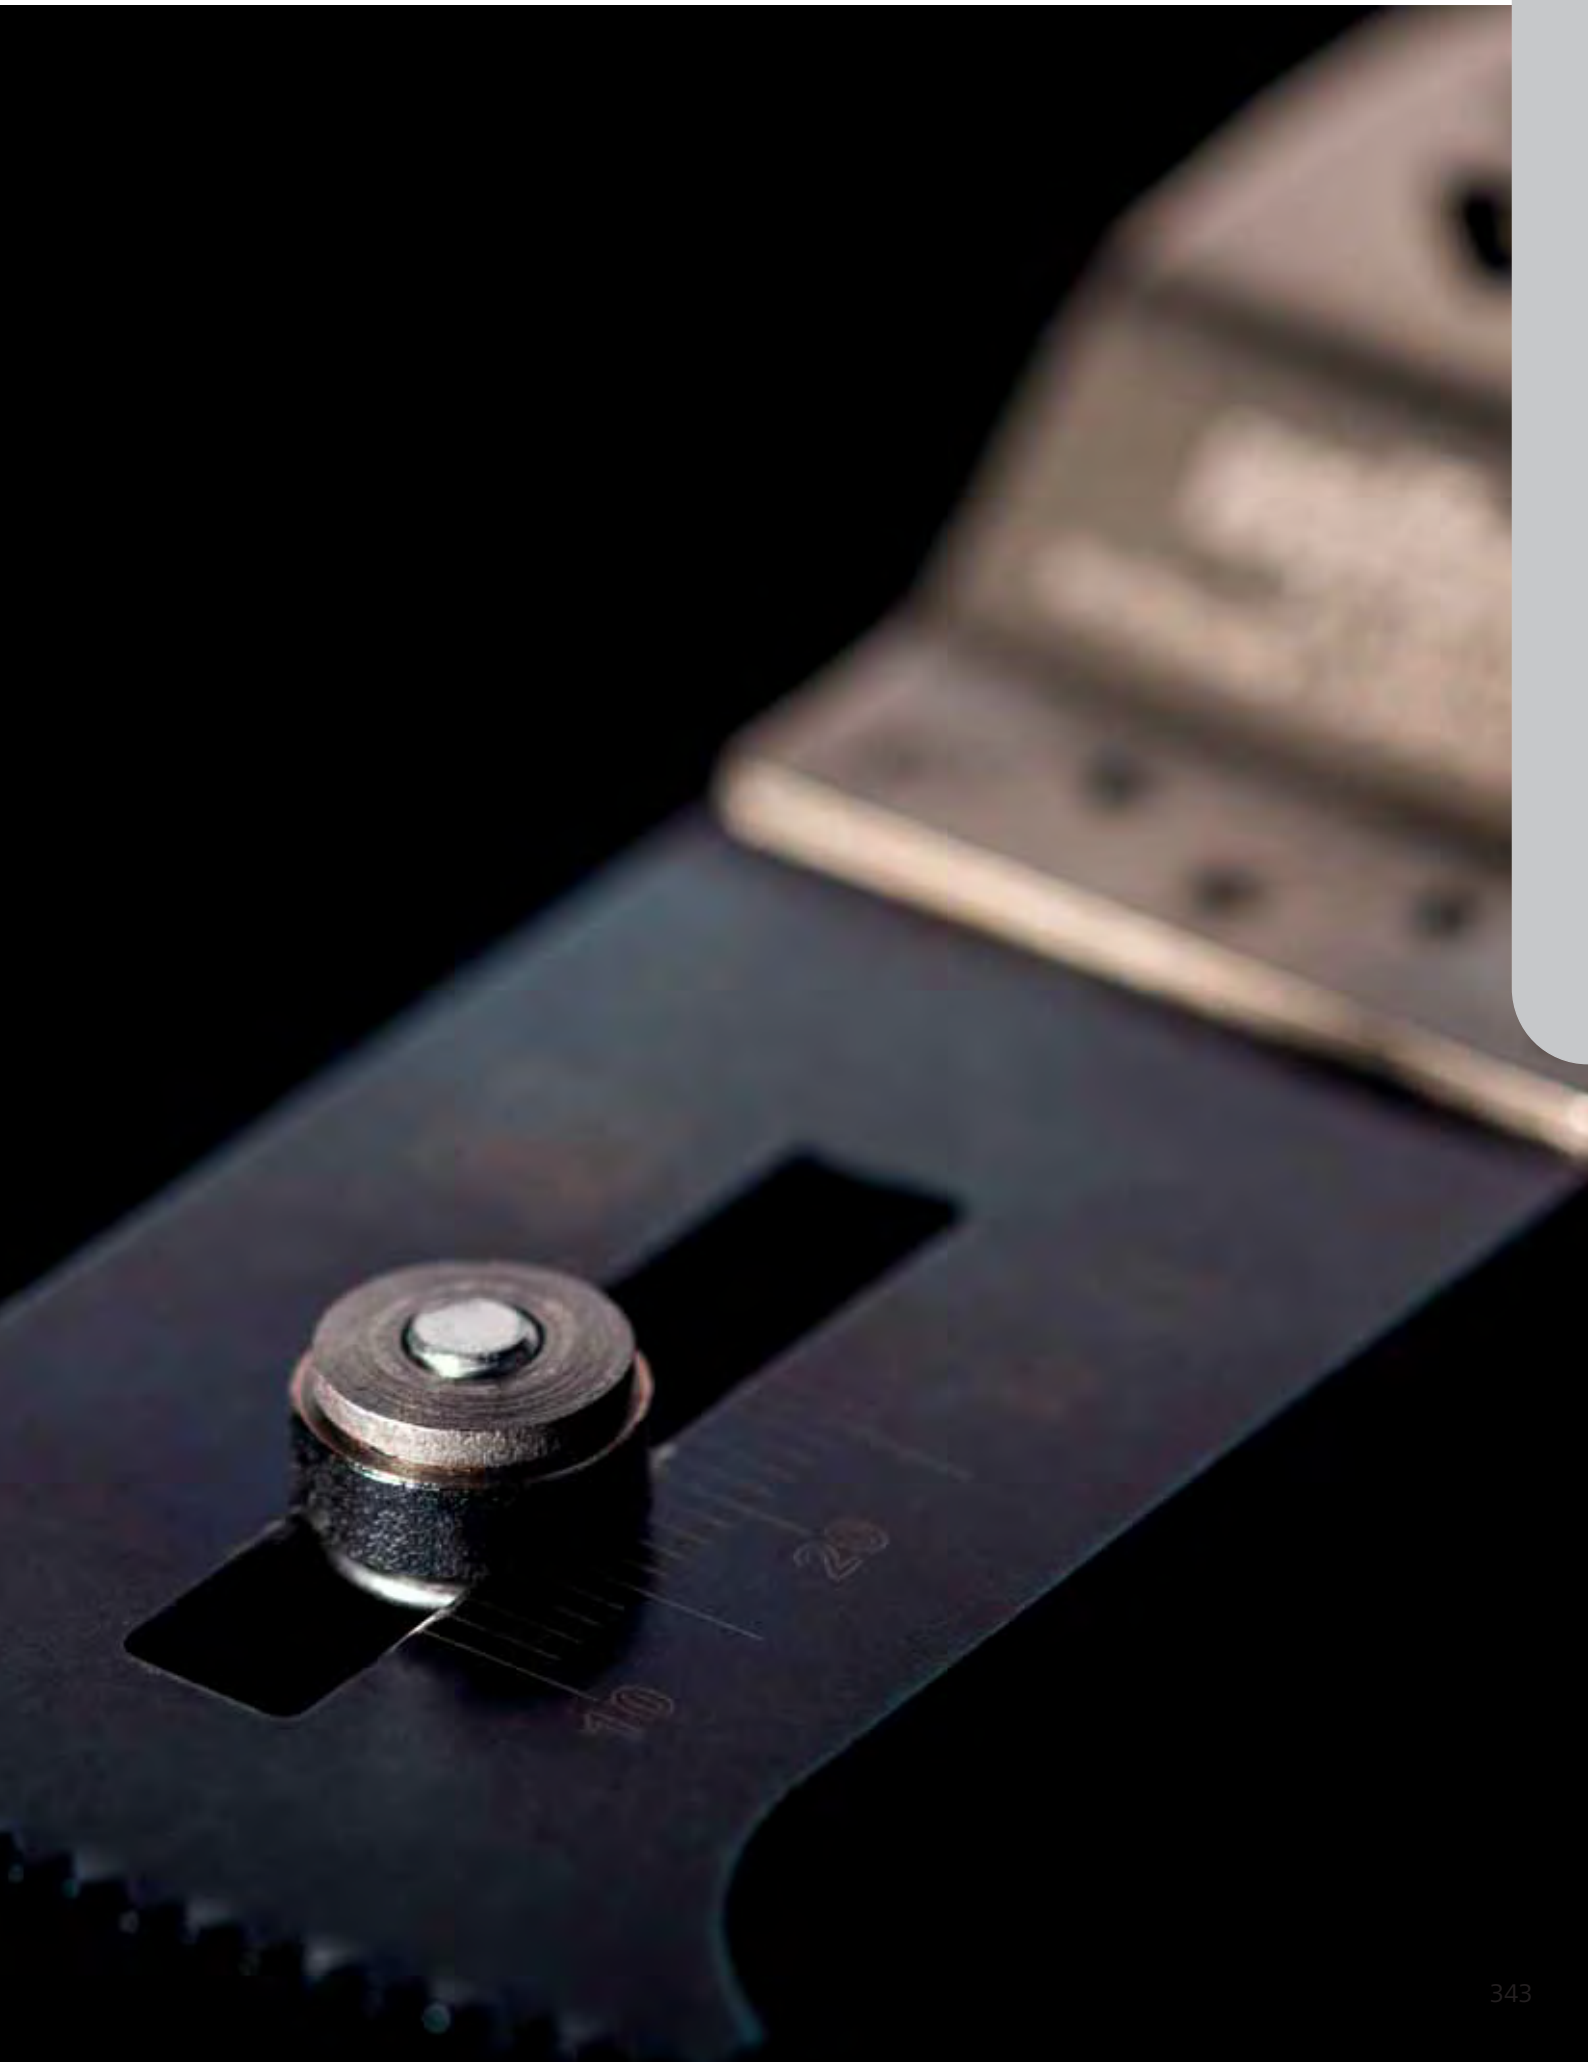
Assortments

- content:
  1 full protection goggles, DIN EN 166:2001
  1 fine dust mask, FFP1, DIN EN 149:2001+A1:2009
  1 ear defenders, DIN EN 352-1:2002
- packaging: plastic bag on card

CE

article no.	EAN 4006885...	description
4871000	...487109	1 work safety kit

6.16 Accessories for vibration saws



6.16 Accessories for vibration saws

Universal receptacle

suitable for AEG, Batavia, Black & Decker, Bosch (no STARLOCK receptacle), CAPAZ, CRAFTSMAN, DeWalt, DEXTER, DREMEL, Einhell, Erbauer, Fein (no STARLOCK receptacle), Greenworks, Hitachi, Kraft Werkzeuge, LUX, Mac Allister, Makita, Mastercraft, Metabo, Milwaukee, Parkside, Passat, PorterCable, Renovator, Rockwell, RYOBI, Scheppach, Skil, Stanley, Titan, Westfalia, Worx

for wood/plastic working

- perfect capabilities at assambled parts
- high cutting speed
- for soft wood, chipboards, laminate, parquet, plastic material
- blued blade for reduced cutting resistance
- material: HCS
- including: 1 adapter ring for Bosch PMF 250 CES
- packaging: double blister

article no.	EAN 4006885...	description	cutting width	blade shape
3988000	...398801	1 pushcut saw blade "PRO"	10 mm	straight
3989000	...398900	1 pushcut saw blade "PRO"	22 mm	straight
3990000	...399006	1 pushcut saw blade "PRO"	28 mm	straight

6.16 Accessories for vibration saws

- for clean cuts in wood with a controlled insertion depth
- ideal for mortise and tenon joints or cable slots in timber frames
- ideal for flat materials (e.g. laminate, parquet, transition strips, etc.)
- for soft wood, chipboards, coated boards, laminate
- centred insertion and controlled break-through without damaging the surface thanks to convex shape
- clean cutting edges with no ragged edges
- perfect control of the cutting depth
- improved chip removal
- stainless steel receptacle for better force transmission
- blued blade for reduced cutting resistance
- material: HCS
- tooth form: straight-set
- tooth distance: 1,93 mm
- tooth version: pointed teeth
- including:
  1 depth stop
  1 adapter ring for Bosch PMF 250 CES
- packaging: double blister

article no.	EAN 4006885...	description	cutting width	blade shape	miscellaneous
3835000	...383500	1 pushcut saw blade with depth stop "PRO"	28 mm	convex	removable depth stop max. cutting depth: with depth stop = 30 mm, without depth stop = 55 mm
3836000	...383609	1 pushcut saw blade with depth stop "PRO"	35 mm	convex	removable depth stop max. cutting depth: with depth stop = 30 mm, without depth stop = 55 mm
3837000	...383708	1 pushcut saw blade with depth stop "PRO"	45 mm	convex	removable depth stop max. cutting depth: with depth stop = 28 mm, without depth stop = 55 mm longitudinal cuts
3838000	...383807	1 pushcut saw blade with depth stop "PRO"	65 mm	convex	removable depth stop max. cutting depth: with depth stop = 28 mm, without depth stop = 45 mm longitudinal cuts

6.16 Accessories for vibration saws

- for cutting round materials, e.g. plastic pipes, close to walls
- for plastic material, hardwood
- steady, precise cutting behaviour thanks to concave blade
- minimises the risk of damage to the wall
- stainless steel receptacle for better force transmission
- blued blade for reduced cutting resistance
- material: HCS
- tooth form: straight-set
- tooth distance: 1,88 mm
- tooth version: pointed teeth
- including: 1 adapter ring for Bosch PMF 250 CES
- packaging: double blister

article no.	EAN 4006885...	description	cutting depth	cutting width	blade shape
3964000	...396401	1 pipe cutter "PRO"	48 mm	32 mm	concave
3965000	...396500	1 pipe cutter "PRO"	51 mm	55 mm	concave

- universally use for longitudinal and curved cuts
- for cut-outs in floor units in the bathroom and kitchen for installing drain pipes
- for circular cuts in materials with thicknesses of up to 25 mm
- for laminate, parquet
- unique geometry permits circular cut-outs
- clean longitudinal cuts thanks to fully toothed blade
- blued blade for reduced cutting resistance
- material: HCS
- tooth form: precision ground
- tooth distance: 1,4 mm
- tooth version: pointed teeth
- including: 1 adapter ring for Bosch PMF 250 CES
- packaging: double blister

article no.	EAN 4006885...	description	cutting width
3975000	...397507	1 curved saw blade "PRO"	78 mm

6.16 Accessories for vibration saws

for use on wood/plastic/metal

- perfect for construction, renovation and repair work
- for wood with nails, multiplex boards, non-ferrous metals, plasterboards
- stainless steel receptacle for better force transmission
- blued blade for reduced cutting resistance
- material: BiM
- including: 1 adapter ring for Bosch PMF 250 CES
- packaging: double blister

article no.	EAN 4006885...	description	cutting width	blade shape	miscellaneous
3986000	...398603	1 pushcut saw blade "PRO"	10 mm	straight

3952000	...395206	1 pushcut saw blade "PRO"	65 mm	straight	longitudinal cuts

- for clean cuts through hard materials with a controlled insertion depth
- ideal for flat materials (e.g. laminate, parquet, transition strips, etc.)
- for coated boards, non-ferrous metals
- sturdy, long-life blade
- perfect control of the cutting depth
- improved chip removal
- stainless steel receptacle for better force transmission
- blued blade for reduced cutting resistance
- material: BiM
- tooth form: straight-set and milled
- tooth distance: 1,4 mm
- tooth version: negative toothing
- including:
  1 depth stop
  1 adapter ring for Bosch PMF 250 CES
- packaging: double blister

article no.	EAN 4006885...	description	cutting width	blade shape	miscellaneous
3839000	...383906	1 pushcut saw blade with depth stop "PRO"	28 mm	straight	removable depth stop max. cutting depth: with depth stop = 30 mm, without depth stop = 55 mm

6.16 Accessories for vibration saws

article no.	EAN 4006885...	description	cutting width	blade shape	miscellaneous
3840000	...384002	1 pushcut saw blade with depth stop "PRO"	35 mm	straight	removable depth stop max. cutting depth: with depth stop = 30 mm, without depth stop = 55 mm
3841000	...384101	1 pushcut saw blade with depth stop "PRO"	45 mm	straight	removable depth stop max. cutting depth: with depth stop = 28 mm, without depth stop = 55 mm longitudinal cuts
3842000	...384200	1 pushcut saw blade with depth stop "PRO"	65 mm	straight	removable depth stop max. cutting depth: with depth stop = 28 mm, without depth stop = 45 mm longitudinal cuts

- for cutting round materials, e.g. copper pipes, close to walls
- for non-ferrous metals, aluminium, nails
- steady, precise cutting behaviour thanks to concave blade
- minimises the risk of damage to the wall
- stainless steel receptacle for better force transmission
- blued blade for reduced cutting resistance
- material: BiM
- tooth form: straight-set

6.16 Accessories for vibration saws

- cranked saw blades allow the usage near surface
- segmentation allows cuts in a right angle without any overcut
- for easy removing of mastic without any danger of broken glas
- for laminate, parquet, non-ferrous metals, tubes
- material: BiM
- including: 1 adapter ring for Bosch PMF 250 CES
- packaging: double blister

article no.	EAN 4006885...	description	Ø
3999000	...399907	1 radial saw blade "PRO"	ø 85 mm

- for laminate, parquet, non-ferrous metals
- 4 cutting sides with different toothing profiles for rough, fine and precision cuts
- material: BiM
- including: 1 adapter ring for Bosch PMF 250 CES
- packaging: double blister

article no.	EAN 4006885...	description	version	product dimensions
3956000	...395602	1 combi wood saw blade "PRO"	depressed centre	80 x 100 mm

6.16 Accessories for vibration saws

- for laminate, parquet, non-ferrous metals
- perfectly suited for making long cuts in laminate
- entire circumference of saw blade can be used
- material: BiM
- including: 1 adapter ring for Bosch PMF 250 CES
- packaging: double blister

article no.	EAN 4006885...	description	Ø	version
3957000	...395701	1 saw blade "PRO"	ø 100 mm	depressed centre

for use with cement joints and mortar residues

- especially for plunge cuts for removing joint mortar
- for aerated concrete, cement joints, mortar residues
- high durability
- material: diamond coated
- including: 1 adapter ring for Bosch PMF 250 CES
- packaging: double blister

article no.	EAN 4006885...	description	product dimensions
3950000	...395008	1 hatchet saw "PRO"	58 mm

- segmentation allows cuts in a right angle without any overcut
- cranked saw blades allow the usage near surface
- for removing joint mortar
- for aerated concrete, mortar residues, cement joints
- high durability
- material: diamond coated
- including: 1 adapter ring for Bosch PMF 250 CES
- packaging: double blister

article no.	EAN 4006885...	description	Ø
3997000	...399709	1 radial saw blade "PRO"	ø 85 mm

6.16 Accessories for vibration saws

- especially for long cuts in cement joints
- for aerated concrete, cement joints, mortar residues
- high durability
- material: diamond coated
- including: 1 adapter ring for Bosch PMF 250 CES
- packaging: double blister

article no.	EAN 4006885...	description	Ø	version
3955000	...395503	1 saw blade "PRO"	ø 80 mm	depressed centre

- segmentation allows cuts in a right angle without any overcut
- cranked saw blades allow the usage near surface
- for removing joint mortar
- for aerated concrete, cement joints, mortar residues
- material: tungsten carbide coated
- including: 1 adapter ring for Bosch PMF 250 CES
- packaging: double blister

article no.	EAN 4006885...	description	Ø
3995000	...399501	1 radial saw blade "PRO"	ø 85 mm

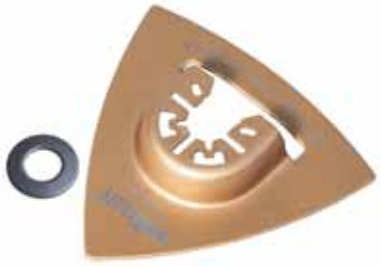
- especially for tile repair work
- 2 in 1 - universal tool for cutting and grinding grout residues and cement joints
- for mortar residues, aerated concrete, cement joints
- material: tungsten carbide coated
- grinding surface 88 mm long
- including: 1 adapter ring for Bosch PMF 250 CES
- packaging: double blister

article no.	EAN 4006885...	description	Ø	version	product dimensions
3954000	...395404	1 grinding cutter "PRO"	ø 65 mm	depressed centre	65 x 88 mm

6.16 Accessories for vibration saws

- ideal for working in small, enclosed spaces
- for grinding grout residues
- material: tungsten carbide coated
- including: 1 adapter ring for Bosch PMF 250 CES
- packaging: double blister

article no.	EAN 4006885...	description	version	product dimensions
3951000	...395107	1 finger rasp "PRO"	triangular	35 mm



- for perfect results in renovated buildings or facades
- surface grinding of tile adhesive droppings
- removing of graffiti at concrete and stone facades
- removing of oil stain on concrete or garage floors
- rough sanding of wood
- for concrete, plaster, stone, cement, tile cement, wood, varnish
- material: tungsten carbide coated
- including: 1 adapter ring for Bosch PMF 250 CES
- packaging: double blister

article no.	EAN 4006885...	description	version	corner measurement
3994000	...399402	1 sanding plate "PRO"	triangular	80 mm

for use with soft materials

- perfect for use in corners and places that are difficult to access
- for scraping off silicone and adhesive residues
- material: HCS
- including: 1 adapter ring for Bosch PMF 250 CES
- packaging: double blister

article no.	EAN 4006885...	description	product dimensions
3953000	...395305	1 finger scraper "PRO"	10 x 45 mm

6.16 Accessories for vibration saws

- for removing of mortar droppings, carpet or tile adhesive, cinder, protective undercoating, damaged coatings
- material: HCS
- including: 1 adapter ring for Bosch PMF 250 CES
- packaging: double blister

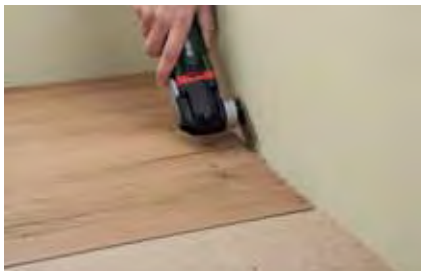
article no.	EAN 4006885...	description	version	product dimensions
3991000	...399105	1 scraper "PRO"	steep type	52 mm

- for removing glue residue, stickers, elastic sealants in the kitchen or bathroom
- material: HCS
- including: 1 adapter ring for Bosch PMF 250 CES
- packaging: double blister

article no.	EAN 4006885...	description	version	product dimensions
3998000	...399808	1 scraper "PRO"	flexible	52 mm

- safe, controlled cutting of vinyl
- ergonomic hook shape
- the safe alternative to cutting using the cutter
- material: HCS
- including: 1 adapter ring for Bosch PMF 250 CES
- packaging: double blister

article no.	EAN 4006885...	description
3864000	...386402	1 drawknife "PRO"



- safe, controlled cutting of laid vinyl close to walls
- for creating an expansion joint in laid material
- fitting and cutting vinyl flooring right into the corners
- the safe alternative to cutting using the cutter
- material: HCS
- including: 1 adapter ring for Bosch PMF 250 CES
- packaging: double blister

article no.	EAN 4006885...	description
3865000	...386501	1 impact blade "PRO"

6.16 Accessories for vibration saws

Miscellaneous

- for easy-fix sanding sheets 95 mm
- with easy-fix fibre for a fast change of the sanding paper
- including: 1 adapter ring for Bosch PMF 250 CES
- packaging: double blister
- separate accessories: 5885000, 5886000, 5887000, 5888000, 5889000

article no.	EAN 4006885...	description	version	corner measurement
3996000	...399600	1 adhesive sanding plate "PRO"	triangular	95 mm

- allows all wolfcraft vibration saw tools to be used on machines from WORX alt, ROCK-WELL and CAPAZ
- packaging: blister on card

article no.	EAN 4006885...	description
3985000	...398504	1 adapter for vibration saws

Assortments

- for wood, metal, plastic material
- content:
  1 radial saw blade, BiM, ø 85 mm
  1 pushcut saw blade, BiM, 22 mm
  1 pushcut saw blade, HCS, 22 mm
  1 adapter ring for Bosch PMF 250 CES
- packaging: sliding blister

article no.	EAN 4006885...	description
3992000	...399204	1 accessory set "PRO"

- for cement joints, mortar residues
- content:
  1 radial saw blade, tungsten carbide coated, ø 65 mm
  1 sanding plate, tungsten carbide coated, triangular, 80 mm
  1 adapter ring for Bosch PMF 250 CES
- packaging: sliding blister

article no.	EAN 4006885...	description
3993000	...399303	1 accessory set "PRO"

6.16 Accessories for vibration saws

- for removing old, damaged silicone beads and for evenly applying new silicone
- content:
  1 finger scraper, HCS, 10 mm
  1 scraper, HCS, flexible, 52 mm
  1 snap-off blade knife, 9 mm
  1 joint smoother, 2 smoother profiles: round Ø 8 mm and oblique 5 mm
  1 adapter ring for Bosch PMF 250 CES
- packaging: sliding blister

article no.	EAN 4006885...	description
3958000	...395800	1 vibration saw project set for removing silicone "PRO"

- for cutting and sanding wooden constructions
- content:
  1 radial saw blade, HCS, ø 85 mm
  1 pushcut saw blade, HCS, 22 mm
  1 adhesive sanding plate, triangular, corner measurement 95 mm
  15 easy-fix sanding sheets 95 mm, corundum, 5 x each grain 40, 80, 180
  1 adapter ring for Bosch PMF 250 CES
- packaging: sliding blister

article no.	EAN 4006885...	description
3959000	...395909	1 vibration saw project set for wood interior fittings "PRO"

- for cutting out cement joints and removing adhesive residues
- the perfect helper for tile renovations
- content:
  1 hatchet saw, diamond coated, 58 mm
  1 sanding plate, tungsten carbide coated, corner measurement 80 mm
  1 finger rasp, tungsten carbide coated, 35 mm
  9 tile spacers, 4 mm
  9 tile spacers, 5 mm
  1 adapter ring for Bosch PMF 250 CES
- packaging: sliding blister

article no.	EAN 4006885...	description
3960000	...010406	1 vibration saw project set for tile repairs "PRO"

- for laminate, parquet, skirting boards and crown mouldings
- content:
  1 pushcut saw blade, HCS, 10 mm
  1 pushcut saw blade, HCS, 22 mm
  1 pushcut saw blade, HCS, 65 mm
  1 radial saw blade, BiM, ø 85 mm
  1 adapter ring for Bosch PMF 250 CES
- in 2-component plastic box with lid
- packaging: plastic box

article no.	EAN 4006885...	description
3961000	...396104	1 vibration saw starter set for laminate "PRO"

6.16 Accessories for vibration saws

- especially for renovation work
- content:
  1 pushcut saw blade, BiM, 22 mm
  1 pushcut saw blade, BiM, 65 mm
  1 scraper, HCS, steep type, 52 mm
  1 finger scraper, 45 x 10 mm
  1 grinding cutter, tungsten carbide coated, ø 65 mm
  1 adapter ring for Bosch PMF 250 CES
- in 2-component plastic box with lid
- packaging: plastic box

article no.	EAN 4006885...	description
3962000	...396203	1 vibration saw starter set "PRO"

- for wood, gypsum plaster boards
- content:
  1 pushcut saw blade, HCS, 28 mm
  1 pushcut saw blade, HCS, 44 mm
  1 pushcut saw blade, HCS, 65 mm
  1 adapter ring for Bosch PMF 250 CES
- packaging: blister on card

article no.	EAN 4006885...	description
8490000	...849006	1 vibration saw set for drywall installation "Standard"

- for cement joints, mortar residues, silicone, adhesive
- content:
  1 radial saw blade, tungsten carbide coated, ø 65 mm
  1 scraper, HCS, 52 mm
  1 finger scraper, HCS, 10 mm
  1 adapter ring for Bosch PMF 250 CES
- packaging: blister on card

article no.	EAN 4006885...	description

8.1 Laying laminate and vinyl

8.1 Laying laminate and vinyl

Shortening

The convenient solution for extensive laminate and vinyl laying jobs

1 VLC 800 - vinyl and laminate cutter

- for fast, safe cutting of all laminate types (including with integrated footfall sound insulation) with a thickness of up to 11 mm and width of 465 mm
- for self-adhesive and click vinyl planks and vinyl tiles with thicknesses of up to 6 mm and widths of 465 mm
- adjustable cutting gap for cutting flexible vinyl with a thickness of 2 - 4 mm
- for precise 90° cuts with limit stop
- for angular cuts from 0° - 180°
- for cutting planks in longitudinal direction
- coated blade for easy cutting of self-adhesive vinyl planks
- practical parallel guide for 55 mm wide strip cuts, can be installed on the left or right
- incl. hold-down function for the easy and comfortable cutting of extra wide boards
- incl. support for the panels
- fast, safe cutting thanks to special blade geometry
- clean cut on the decorative side
- serrated cutter bars for secure fastening of the workpiece during initial blade contact
- safe footing with anti-skid cushion feet
- dust-free and low-noise working
- light and sturdy thanks to high-quality aluminium design
- packaging: covering box

article no.	EAN 4006885...	description	product dimensions	weight
6939000	...693906	1 VLC 800 - vinyl and laminate cutter	661 x 211 x 197 mm	3.5 kg

8.1 Laying laminate and vinyl

LC 600 - laminate cutter

For standard laminate laying jobs

- for safe cutting of all laminate types (including with integrated footfall sound insulation) with a thickness of up to 11 mm and width of 465 mm
- for precise 90° cuts with limit stop
- for angular cuts from 0° - 180°
- for cutting planks in longitudinal direction
- permits precise, unlimited longitudinal cuts thanks to serrated cutting bars
- clean cut on the decorative side
- serrated cutter bars for secure fastening of the workpiece during initial blade contact
- fast, safe cutting thanks to special blade geometry
- dust-free and low-noise working
- light and sturdy thanks to high-quality aluminium design
- sturdy footing with anti-skid cushion feet
- packaging: covering box

article no.	EAN 4006885...	description	product dimensions	weight
6937000	...693708	1 LC 600 - laminate cutter	636 x 201 x 186 mm	2 kg

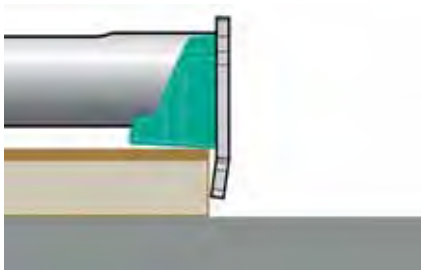
For simple laminate laying jobs

- ideal for carrying out simple laminate installation projects
- for quick and clean cutting of laminate with a thickness of up to 8 mm and a width of 210 mm
- for 90° cuts with limit stop
- alternative to using power tools such as chop saws or jigsaws
- fast, safe cuts
- dust-free and low-noise working
- easy cutting thanks to special blade geometry
- sturdy footing with anti-skid cushion feet
- packaging: covering box

article no.	EAN 4006885...	description	product dimensions	weight
6933000	...693302	1 LC 100 - laminate cutter	580 x 203 x 177 mm	1.7 kg

8.1 Laying laminate and vinyl

Installing



10

MADE IN EUROPE

3-in-1 function:

- for joint-free attachment of laminate and parquet without hammer, tapping block and pulling ledge
- for joining the panels adjacent to the wall to the area already laid
- can be used in push or pull direction
- replaces hammer, tapping block and pulling ledge
- reduces the error rate to zero: rules out injuries and damage caused by the hammer
- combines force and control in one safe and ergonomic product
- for planks with thicknesses of 7 mm and above
- packaging: fixed on card

article no.	EAN 4006885...	description	product dimensions	weight
6945000	...694507	1 hammer pulling ledge	170 x 80 x 410 mm	1.53 kg

large area underneath lined with felt to allow gentle working

MADE IN EUROPE

- for arranging layers of laminate next to each other
- mainly used at room ends, so as to fit a layer of laminate under a door frame etc.
- professional design with large contact surface and lever function
- large area underneath lined with felt to allow gentle working
- packaging: bulk

article no.	EAN 4006885...	description	version	product dimensions
6928000	...692800	1 profi crow bar	with anvil and protective pad	450 x 38 x 9 mm

8.1 Laying laminate and vinyl

- for arranging layers of laminate next to each other
- mainly used at room ends, so as to fit a layer of laminate under a door frame etc.
- with 3 felt pads underneath for gentle working
- packaging: bulk

article no.	EAN 4006885...	description	version	product dimensions
6927000	...692701	1 pulling ledge	conically shaped	310 x 15 x 25 mm

- for positioning and engaging laminate and parquet planks for joint-free connections
- ideal for extensive installation jobs in several rooms
- for laminate, parquet, vinyl floor, wood flooring
- long-life design thanks to protective strip made of aluminium
- optimum application of the hammer blow force thanks to the convex shape of the aluminium strip
- the tool shape is ideal for gently handling the laminate's tongue and groove
- suitable for all laminate thicknesses – 5, 10, 15 mm
- material: wood with aluminium rail
- packaging: bulk

article no.	EAN 4006885...	description	product dimensions	weight
6947000	...694705	1 mallet "Profi"	62 x 24 x 281 mm	0.308 kg

- for positioning and arranging laminate from the front side
- the tool shape is ideal for gently handling the laminate's tongue and groove
- packaging: bulk

article no.	EAN 4006885...	description	product dimensions
6929000	...692909	1 mallet	300 x 27 x 50 mm

8.1 Laying laminate and vinyl

MADE IN EUROPE

2-in-1 function:

- as a spacer for creating an expansion joint when laying laminate or parquet
- as a wedge when squaring windows or doors
- latching mechanism for connecting two or more wedges in both directions
- push-fit connection permits wedge or block shape
- perfect for expansion joints that have to be up to or greater than 10 mm
- hold tightly together and dispense with frequent reassembly
- material: plastic material
- packaging: plastic bag on card

article no.	EAN 4006885...	description	product dimensions
6946000	...694606	30 universal wedges	35 x 6 x 60 mm

MADE IN EUROPE

- for wood, wood core chipboards, plastic coated chipboards, baseboards
- material: HCS
- tooth form: straight-set and ground
- tooth distance: 1,7 mm
- tooth version: pointed teeth
- toothed length: 300 mm
- for cutting material with a max. thickness of 73 mm
- complementary products: 6948000

article no.	EAN 4006885...	description	cutting width	product dimensions	weight
6950000	...695009	1 handsaw	1.2 mm	95 x 410 x 45 mm	0.34 kg

8.1 Laying laminate and vinyl

with bent and rotating handle

Door frames can be shortened easily with the handsaw, ideal for accurately finishing floor laying & other jobs.

- the bent handle ensures satisfactory cutting freedom when working close to the floor
- the handle is tiltable by 180° and ensures a safe guiding in all positions as well as its use by both left-handers and right-handers
- packaging: sleeve

article no.	EAN 4006885...	description	product dimensions
6925000	...692503	1 handsaw	90 x 390 x 45 mm

Universal standard model for DIY jobs to be done on a kneeling position

- high-quality all-round knee pads for floor laying jobs or other kneeling activities
- thanks to the transparent protection cap the pads are suitable for both rough and sensitive surfaces
- joint-protecting cushioning effect through elastic gel inserts
- high wearing comfort and ease of movement due to ergonomic one-band fixation
- universal tape fastener for all sizes
- according to DIN EN 14404

article no.	EAN 4006885...	description
4860000	...486003	1 pair comfort knee pads

Attractively priced basic equipment for laying laminate.

- for laminate, parquet, cork
- content:
  1 pulling ledge
  1 mallet
  20 spacer wedges, plastic material
- packaging: double blister

article no.	EAN 4006885...	description
6931000	...693104	1 laminate laying set

8.1 Laying laminate and vinyl

Measuring

- 2-in-1 function: bevel gauge and mitre box in one product
- for sawing precise mitres
- for measuring angles from 85° - 180°
- automatic, error-free transfer of the correct angle to the saw thanks to integrated guide pins for the handsaw (mitre)
- comfortable measuring of room angles
- especially suitable for old buildings thanks to infinite adjustment from 85° - 180°
- no more head scratching when transferring the correct angle to the saw
- packaging: fixed on card

article no.	EAN 4006885...	description	max. height baseboards	angle	product dimensions	weight	complementary products
6948000	...694804	1 bevel and mitre box	70 mm	85 - 180°	100 x 105 x 353 mm	0.6 kg	6950000
6948200	...694828	1 bevel and mitre box	100 mm	85 - 180°	100 x 140 x 353 mm	0.66 kg	4024000

- helps measuring the wall angle and determines the cutting angle
- automatic display of the cutting angle - for the exact setting of all mitre box saws and matching angle cut
- integrated angle stop for setting angels in an easy way
- magnet for adjusting the saw in an easy and safe way
- packaging: sleeve

article no.	EAN 4006885...	description	angle	product dimensions
6921000	...692107	1 angular bevel gauge	30 - 180°	50 x 345 x 70 mm

8.1 Laying laminate and vinyl

The contour gauge permits the simple scanning of the cutting line and its transfer onto the material to be laid.

- to transfer corners and contours - easy and accurate
- ideal for an accurate fitting of the laminate, e.g. around heating pipes
- with clamping lever for fixing the contour tips - no slipping of the contour
- sturdy plastic design
- contour width max. 130 mm, contour depth max. 30 mm
- packaging: blister on card

article no.	EAN 4006885...	description	product dimensions	weight
6949000	...694903	1 contour gauge	180 x 20 x 105 mm	0.2 kg

The laminate fitter will make it possible to quickly and easily transmit the contour of the wall onto the last panel, so that it fits accurately.

MADE IN EUROPE

- board width adjustable up to 235 mm
- various dimensions adjustable on the bar
- packaging: fixed on card

article no.	EAN 4006885...	description	product dimensions
6922000	...692206	1 laminate fitter	295 x 45 x 80 mm

8.2 Processing plasterboards

8.2 Processing plasterboards

Erecting stud frames

- straight and curved cuts
- lever transmission
- micro-dovetailing for a better cutting result - facilitates the initial cut for smooth metal sheets
- closing mechanism with one-hand opening
- the handles of the scissor are made of slip-resistant 2-component plastic
- in plastic box

article no.	EAN 4006885...	description	product dimensions
4027000	...402706	1 metal shears	75 x 255 x 22 mm

- for C and U metal profiles (maximum thickness 2 x 0.6 mm)
- quick and easy joining of steel profiles
- for joining two upright profiles permanently
- minimal effort through optimal leverage
- packaging: sliding blister

article no.	EAN 4006885...	description	product dimensions
4029000	...402904	1 profile compound pliers	95 x 270 x 36 mm

8.2 Processing plasterboards

Cutting

- for scoring, breaking and cutting plasterboards in one pass
- for precise, straight cutting edges
- does away with the need to keep moving and turning the plasterboards
- ergonomic handle position for comfortable handling
- easy blade changes
- max. cutting length 900 mm, max. cutting length with extension (part no. 4019000) 1900 mm
- including:
  1 trapezium blade, 52 / 0,50 mm
  1 hook blade, 51 / 0,50 mm
- packaging: paperboard card
- separate accessories: 4019000, 4185000, 4188000

article no.	EAN 4006885...	description
4014000	...401402	1 plasterboard cutter with rail

- for extending the bar of the plasterboard cutter part no. 4014000
- max. cutting length 1900 mm (plasterboard cutter with rail extension)
- packaging: paperboard card
- suitable for 4014000

article no.	EAN 4006885...	description
4019000	...401907	1 rail extension

8.2 Processing plasterboards

- cutting and marking aid for precise angular and parallel cuts in plasterboard
- replaces the cumbersome calculation and transfer of angles and dimensions to the plank
- high-precision angle cuts for exact joints reduce subsequent filling and sanding work
- durable thanks to corrosion-resistant surface made of anodised aluminium
- max. cutting length 1000 mm, max. cutting width with parallel cutter 970 mm, angular cuts from 0 - 180°
- including:
  1 parallel and strip cutters
  1 trapezium blade, 52 / 0,50 mm
- packaging: paperboard card
- separate accessories: 4185000

article no.	EAN 4006885...	description
4008000	...400801	1 T-square with parallel cutter

- for plasterboards
- cutting and marking tool for small/wide strips and circular cut-outs
- scoring / marking the plasterboard with the cutter wheel or the integrated pencil
- infinitely adjustable
- can be used as compasses
- max. strips 600 mm, max. circle radius 650 mm
- packaging: double blister

article no.	EAN 4006885...	description	product dimensions
4030000	...403000	1 strip cutter	180 x 735 x 95 mm

8.2 Processing plasterboards

- for front edges with a perfect 35° angle
- for clean transitions between two plasterboards
- suitable for board thicknesses of 9.5 and 12.5 mm
- three blades for precise cutting edge in one pass
- controlled and safe working from the first to the last millimetre
- permits subsequent gentle and fast filling
- including: 3 trapezium blades, 52 / 0,50 mm
- packaging: fixed on card
- separate accessories: 4185000

article no.	EAN 4006885...	description
4009000	...400900	1 triple-blade edge planer

- for effective reworking of areas and edges on plasterboard and wood
- wide rasp surface of 150 x 57 mm
- ergonomic working with just one hand
- robust plastic body
- packaging: fixed on card
- separate accessories: 4039000

article no.	EAN 4006885...	description	product dimensions
4041000	...404106	1 rasp plate	250 x 57 mm

- for sawing plasterboard, plastic and wood
- ideal for fitting door cut-outs during drywall installation
- versatile thanks to 350 mm blade length and conically ground and hardened tooth tips
- durable, impact-resistant plastic grab handle
- material: HCS
- tooth distance: 3,6 mm
- packaging: sleeve
- complementary products: 6948200

article no.	EAN 4006885...	description	cutting width	weight
4024000	...402409	1 board saw	1.5 mm	0.27 kg

8.2 Processing plasterboards

- for cut-outs in plasterboards
- 2-component handle with soft zone for convenient and safe handling
- cutting teeth ground into the blade's body for an easy first cut and fast sawing progress
- induction-hardened teeth for long life
- ground tip for plunge cuts
- packaging: double blister

article no.	EAN 4006885...	description	product dimensions
4033000	...403307	1 hand jigsaw	45 x 318 x 30 mm

- for sawing recesses and free forms in board material
- ideal for use on drywalls
- 5 mm Ø makes it possible to saw small radii
- easy to guide using the 2-component handle
- packaging: double blister

article no.	EAN 4006885...	description	working length	Ø	length
4031000	...403109	1 hand-keyhole saw	175 mm	ø 5 mm	275 mm

Positioning - clamping - fixing

- indispensable for larger boards as well as one-man installation jobs on ceilings and inclined areas
- max. loading 30 kg
- telescopes from 1.6 to 2.9 m, coarse setting at inner tube - fine tuning with pump mechanism
- packaging: sticker

article no.	EAN 4006885...	description	product dimensions
4042000	...404205	1 ceiling support	205 x 80 mm

8.2 Processing plasterboards

- useful aid for lifting the plasterboards on the wall and joining them with the integrated hook
- completely made of metal, with broad resting surface
- version: with hook
- packaging: sticker

article no.	EAN 4006885...	description	product dimensions
4045000	...404502	1 board lifter	75 x 215 x 65 mm

The tools and clamps for convenient, easy and safe installation work on walls, ceilings and especially on inclined areas. The fixing clamps and crosses can be removed are available for other boards, once the board has been fastened with screws.

- for fixing up to two plasterboards on ceilings and slanted walls and then fastening them in place
- for safe and precise installation
- for installing plasterboards with just one person
- replaces one to two hands needed for holding
- permits effortless and safe working
- reusable
- content:
  1 fixing clamp, metal
  3 crosses, plastic material
  1 bit, Pozidriv PZ 2
  3 wood screws, 4 x 60 mm
- packaging: sliding blister

article no.	EAN 4006885...	description
4040000	...404007	1 fixing set

Fastening

- plastic cap allows direct "view" at the bit and the screw
- screwing depth adjustable
- version: with magnet and and depth stop
- including: 1 bit, Phillips PH 2
- packaging: blister on card
- separate accessories: 1331000, 1527000

article no.	EAN 4006885...	description	receptacle	length
4055000	...405509	1 screwdriver attachment	6,3 mm (1/4") hexagon receptacle	65 mm

8.2 Processing plasterboards

- for professional filling of transitions and joints
- ideal for drywall installation
- steel blade 300 x 130 mm
- wider material application thanks to large, stainless steel blade
- good stability thanks to long rib
- ergonomic 2-component handle for comfortable guiding
- easy to clean
- packaging: bulk

article no.	EAN 4006885...	description
4043000	...404304	1 smoothing trowel

- for inserting self-mixed joint sealant into corners and hard-to-reach places
- maintenance-friendly alternative to acrylic caulk
- protects joint sealant against drying out, enables it to be used again later
- volume: 310 ml
- packaging: plastic bag on card

article no.	EAN 4006885...	description	product dimensions
4044000	...404403	3 empty cartridges	49 x 230 x 49 mm

8.2 Processing plasterboards

Sanding

- for easy fix sanding pads
- for efficient sanding of plasterboard on walls and ceilings
- permits working away from dust with the optional telescopic handle
- stable on the surface for a continuous, fast sanding process
- does not fold down
- easy-fix system for fast changing of the abrasive
- including:
  1 easy fix sanding pad silicium-carbide, grain 120
  1 ceiling holder
- packaging: paperboard card
- separate accessories: 2287000, 2288000, 4012000, 5617000

article no.	EAN 4006885...	description	Ø

Accessories

Tape & zip door - keeps dirt at low level!

- matching nearly every door
- to restrict the dust formation in the working area
- content:
  1 extra strong (100 µm) foil, 2,20 x 1,25 m
  1 the self adhesive zipper affords the flexible and re-closable access to working area and the exit out of it in the same way
  1 strong adhesive tape for an almost perfect sealing of the door frame and its removal almost without residues
- packaging: plastic bag recloseable

article no.	EAN 4006885...	description	product dimensions
4005000	...400504	1 tape & zip door	1,250 x 2,200 mm

8.3 Firewood

8.3 Firewood

robust & sturdy

1 saw buck

You will be able to fill a whole wheelbarrow with only two or three cuts without having to stop the chain saw.

- very quick - a wheelbarrow full of wood
- stability thanks to wide feet and a 26 mm round tube
- with anti-throw-off locking mechanism
- wooden boards to prevent the chain from getting damaged
- also useable for single wooden pieces
- can be folded for space-saving storage
- packaging: covering box
- complementary products: 2175000

Technical data

application:	sawing 1 m long logs fast and safely
max. loading:	150 kg
miscellaneous:	saw marks at 25, 50 and 75 cm (for 25 cm logs) and 33 and 66 cm (for 33 cm logs)
dimensions mounted:	700 x 1,120 x 675 mm
dimensions folded:	1,320 x 1,120 x 115 mm

8.3 Firewood

portable & compact

1 SB 60 - saw buck

- fast, safe sawing of 1-metre logs to a length of 25 or 33 cm
- stop bar prevents danger from pieces of wood flying out
- practical folding mechanism for swift assembly and dismantling
- portable product with low intrinsic weight but very high stability
- beech boards prevent injury from sawing mishaps
- packaging: covering box

Technical data

max. loading: 100 kg
dimensions mounted: 540 x 1,000 x 600 mm
dimensions folded: 540 x 1,100 x 230 mm

article no.	EAN 4006885...	description	weight
5119000	...511903	1 SB 60 - saw buck	4.6 kg

8.3 Firewood

- for storing logs sizes 25 - 50 cm
- its modularity enables it to be used in any situation
- four extension units, each with a length of 425 mm, allow the unit to be built in various heights and widths
- quick assembly and dismantling without tools
- 5 plastic spacers provide optimal ventilation for the wood from the bottom
- ideal for outdoor use
- can be loaded up to a height of 1.4 m or a width of 3.2 m, for a maximum of 1.6 m^3 of wood
- packaging: covering box
- dimensions mounted: 1,766 - 3,241 x 1,036 - 1,460 x 256 mm

article no.	EAN 4006885...	description	weight
5125000	...512504	1 modular XXL stacking aid	8 kg

Thepractical stacking aid for storing logs can be adapted to the individualconditions on site.

- for storing logs sizes 25 - 50 cm
- four plastic spacers provide optimal ventilation for the wood from the bottom
- ideal for outdoor use
- can be extended from 1.72 m to 2.34 m in no time
- can be loaded up to a height of 1.0 m and a width of 2.34 m, for a maximum of 1.17 m^3 of wood
- packaging: covering box
- dimensions mounted: 1,720 - 2,340 x 1,045 x 310 mm

article no.	EAN 4006885...	description	weight
5122000	...512207	1 stacking aid	7.5 kg

8.3 Firewood

- for long-time covering of wood
- extra strong tarpaulin (210 g/m²)
- reinforced border
- water-resistant
- tear-resistant
- UV-resistant
- material: woven fabric
- aluminium eyes approx. every 50 cm
- packaging: plastic bag recloseable

article no.	EAN 4006885...	description	product dimensions	weight
5124000	...512405	1 tarpaulin for wood	6,000 x 1,500 mm	1.7 kg

- determines the wood moisture in percent in a fast and easy way
- the two electrodes are pushed in the wood surface and the LCD display shows the percentage of residual moisture
- version: with LCD display
- measuring range: 10 - 40 %
- including: 1 battery 9 V
- packaging: sliding blister

article no.	EAN 4006885...	description	product dimensions	weight

8.4 Processing elastic sealants

1 MG 600 PRO - mechanical caulking gun

10

MADE IN EUROPE

- for all 310 ml cartridges (Ø 50 x 225 mm)
- for silicone, acrylic, adhesive, Bitumen, viscous sealants, smoothing plaster
- professional design - especially suitable for use with viscous adhesives and sealants
- generates especially high pushing pressure thanks to special feed mechanism and hardened push bar
- ergonomic design and optimum gear ratio for fatigue-free operation
- easy cartridge changes
- pushing pressure 250 kg
- packaging: paperboard card

article no.	EAN 4006885...	description	product dimensions	weight
4356000	...435605	1 MG 600 PRO - mechanical caulking gun	400 x 195 x 75 mm	0.785 kg

8.4 Processing elastic sealants

with automatic drip-stop function - prevents the caulk from oozing out after releasing the trigger

fast and simple cartridge changes thanks to a newly developed cartridge locking mechanism

- for handling virtually all materials in 310 ml cartridges, such as silicone and acryl
- sturdy design made of fibreglass reinforced plastic
- ergonomic handle design for working without getting tired
- fast and simple cartridge changes thanks to a newly developed cartridge locking mechanism
- with automatic drip-stop function - prevents the caulk from oozing out after releasing the trigger
- packaging: fixed on card

article no.	EAN 4006885...	description	product dimensions	weight
4355000	...435506	1 MG 300 - mechanical caulking gun	360 x 195 x 90 mm	0.465 kg

- for all 310 ml cartridges (Ø 50 x 225 mm)
- for silicone, acrylic
- with automatic drip-stop function - prevents the caulk from oozing out after releasing the trigger
- ergonomic handle design for working without getting tired
- rotating grip sleeve
- easy cartridge changes
- sturdy design made of fibreglass reinforced plastic
- packaging: bulk

article no.	EAN 4006885...	description	product dimensions	weight
4352000	...435209	1 MG 200 ERGO - mechanical caulking gun	350 x 175 x 65 mm	0.366 kg

8.4 Processing elastic sealants

- for all 310 ml cartridges (Ø 50 x 225 mm)
- for silicone, acrylic
- with automatic drip-stop function - prevents the caulk from oozing out after releasing the trigger
- easy cartridge changes
- light and sturdy thanks to fibreglass reinforced plastic
- packaging: bulk

article no.	EAN 4006885...	description	product dimensions	weight
4351000	...435100	1 MG 100 - mechanical caulking gun	350 x 175 x 65 mm	0.3 kg

Accessories

- for safely opening plastic cartridges
- for trimming the cartridge tip to the required length and angle
- with two cutting edges
- packaging: sliding blister

article no.	EAN 4006885...	description
4363000	...436305	1 KM 100 - cartridge knife

- for all 280, 290, 300 and 310 ml plastic cartridges (coarse thread)
- sealable cartridge tip
- slows down the rate at which the cartridge contents dry out
- packaging: plastic bag on card

article no.	EAN 4006885...	description	height
4365000	...436503	4 cartridge tips with closable caps	120 mm

8.4 Processing elastic sealants

- for all 280, 290, 300 and 310 ml plastic cartridges (coarse thread)
- rotatable angle from 0 - 90° for working in inaccessible places
- packaging: plastic bag on card

article no.	EAN 4006885...	description
4366000	...436602	2 angled cartridge tips

- for silicone, acrylic
- for clean, smooth joints
- easy to clean
- for most edges and radii
- 45° edge profile: width 6 - 8 - 10 - 12 - 15 mm, round profile: R 7 - 10.5 - 14.5 mm
- packaging: sliding blister

article no.	EAN 4006885...	description
4369000	...436909	4 SP 100 - joint smoothers

The inexpensive set for removing and smoothing old and mouldy elastic joints.

- joint knife for quick and simple removing of old silicone or acrylic joints
- Joint smoother for quick and precise smoothing of the new caulk bead
- content:
  1 joint smoother
  1 joint knife
  4 smoother profiles, round ø 8 + 12 mm, oblique 5 + 10 mm
- packaging: blister on card

article no.	EAN 4006885...	description
4364000	...436404	1 joint repair kit

8.4 Processing elastic sealants

- for backfilling excessively deep joining and expansion gaps before sealing with elastic sealants
- high elasticity
- water-resistant
- prevent three-point adhesion
- saves sealant
- material: polyethylene foam (PE)
- packaging: plastic bag on card

article no.	EAN 4006885...	description	Ø	miscellaneous	length
4360000	...436008	1 joint filler profile	ø 10 mm	for joint widths from 5 - 8 mm	6 m
4361000	...436107	1 joint filler profile	ø 15 mm	for joint widths from 8 - 12 mm	6 m
4362000	...436206	1 joint filler profile	ø 20 mm	for joint widths from 12 - 16 mm	6 m

8.5 Wooden deck construction

8.5 Wooden deck construction

Substructure

The constructive measure to preserve the wood

The support pads will protect the wood against moisture, thus extending the lifetime of the deck flooring.

- support points for the substructure
- the pads create a distance between foundation and deck joists
- prevent waterlogging and thus the wood from premature rotting
- packaging: plastic card

article no.	EAN 4006885...	description	product dimensions
6987000	...698703	20 support pads	90 x 10 x 90 mm

Boards alignment

The installation clamp is indispensable for aligning the deck boards speedily and precisely.

- precise alignment of the deck boards until they have been fastened
- for deck boards with a width of up to 20 cm
- ensures together with the spacers a clean and accurate pattern of the deck flooring
- including: 2 clamping jaws, for being used with installation clamp as one-hand clamp
- packaging: plastic card

article no.	EAN 4006885...	description	clamping pressure	clamping width
6985000	...698505	1 installation clamp	120 kg	450 mm

8.5 Wooden deck construction

- for uniform expansion gaps between the deck boards
- for expansion gaps of 6 and 8 mm
- ensures together with the installation clamp a clean and accurate pattern of the deck flooring
- packaging: plastic bag on card

article no.	EAN 4006885...	description	product dimensions
6986000	...698604	10 spacers	40 x 42 x 33 mm

Visible connections

- plastic cap allows direct "view" at the bit and the screw
- screwing depth adjustable
- includes stainless steel TX bit – prevents the screw heads from rusting
- including: 1 bit stainless steel, Torx TX 25
- packaging: double blister

MADE IN EUROPE

article no.	EAN 4006885...	description	version
6961000	...696105	1 magnetic bit holder	with magnet and and depth stop

8.5 Wooden deck construction

MADE IN EUROPE

The deck drilling set guarantees an accurate and constant screw layout.

- for the precise positioning of the drill holes on the deck boards
- for aligning the drill holes accurately
- easily aligned with the screws of the previous boards
- adjustable for deck boards with widths from 100 - 145 mm
- thanks to the depth stop perfect for series drilling; always the same depth of the countersink
- content:
  1 deck board drilling guide, with 4 mm drill bushes made of hardened steel for guiding the drill safely
  1 screw starter, with countersink and 4 mm HSS drill
- packaging: double blister

article no.	EAN 4006885...	description
6960000	...696006	1 deck flooring drilling set

8.5 Wooden deck construction

Unvisible connections

Concealed fastening - the new wolfcraft joining system for wood decks. For highest demands regarding look and durability.

1 starter kit “concealed fastening”

MADE IN EUROPE

- create a distance between deck boards and deck joists
- guarantee an optimal airing between deck boards and deck joists
- prevent waterlogging and thus the wood from premature rotting
- for approx.7 running meters of deck joists as substructure for 140 mm deck boards
- suitable for deck boards with a width ranging between 100 and 150 mm
- no visible screws any more
- the movement zone of the deck board joiners compensates the swelling and shrinking movements of the timber - no more sheared screws or cracked deck boards
- fast and simple installiation thanks to the drilling and fastening gauge
- content:
  1 drill and screw gauge
  50 joiners
  300 screws, stainless steel, Torx TX 20
  1 magnetic bit holder
  1 bit, stainless steel, Torx TX 20
- packaging: double blister

article no.	EAN 4006885...	description
6971000	...697102	1 starter kit “concealed fastening”

8.5 Wooden deck construction

The special joiners for the first and last board

The joiners will ensure the clean visual finish of the flooring.

- guarantees the safe installation of the first and last deck board on the visible front side of the deck joists
- including: 60 screws stainless steel, Torx TX 20
- packaging: double blister

article no.	EAN 4006885...	description
6973000	...697300	10 joiners for the first and last board

Expansion kits for concealed fastening

- create a distance between deck boards and deck joists
- guarantee an optimal airing between deck boards and deck joists
- prevent waterlogging and thus the wood from premature rotting
- no visible screws any more
- the movement zone of the deck board joiners compensates the swelling and shrinking movements of the timber - no more sheared screws or cracked deck boards
- packaging: double blister

article no.	EAN 4006885...	description	including
6972000	...697201	20 joiners "Unvisible connections"	120 screws stainless steel, Torx TX 20
6974000	...697409	100 joiners "Unvisible connections"	600 screws stainless steel, Torx TX 20

8.5 Wooden deck construction

Assortments

Deck building set

The complete kit for fast and precise deck building.

- The installation clamp is indispensable for aligning the deck boards speedily and precisely.
- ensures together with the spacers a clean and accurate pattern of the deck flooring
- for the precise positioning of the drill holes on the deck boards
- for aligning the drill holes accurately
- thanks to the depth stop perfect for series drilling; always the same depth of the countersink
- content:
  1 installation clamp
  1 deck board drilling guide, with 4 mm drill bushes made of hardened steel for guiding the drill safely
  1 screw starter, with countersink and 4 mm HSS drill
  5 spacers
  2 clamping jaws, for being used with installation clamp as one-hand clamp
- packaging: plastic card

article no.	EAN 4006885...	description
6988000	...698802	1 deck building set

8.6 Laying tiles

Cutting tiles

Innovative cutting technology - once adjusted and always perfect cuts

1 TC 670 - tile cutter "Expert"

special guide for diagonal cutting

breaking point for straight cuts

low-maintenance and precise guidance by groove ball bearings and c-section rails

- Perfect result in three steps: - once adjusted tile thickness and surface pressure - smooth continuous cut - easy breaking without much effort
- low-maintenance and precise guidance by groove ball bearings and c-section rails
- special guide for diagonal cutting
- stable and rigid base plate made of aluminium profile
- free view on the cutting process
- suitable for right and left-handed
- cutting wheel made of tungsten-carbide & TiN, Ø 20 mm, bore 5 mm
- cutting length: 670 mm
- tile thickness: 4-14 mm
- including:
  1 guide rail with angle fence, for repeat and diagonal cuts
  2 material supports, attachable to base plate
- packaging: covering box
- separate accessories: 5551000, 5552000, 5556000

article no.	EAN 4006885...	description	product dimensions	weight
5555000	...555501	1 TC 670 - tile cutter "Expert"	530 x 305 x 1,015 mm	6.14 kg

8.6 Laying tiles

Innovative cutting technology - once adjusted and always perfect cuts

1 TC 670 - tile cutter "Project"

10

MADE IN EUROPE

- Perfect results for batch cutting - only set tile thickness and pressure once!
- low-maintenance and precise guiding through plastic slide and C-profile rails
- special guide for diagonal cutting
- stable and rigid base plate made of aluminium profile
- free view on the cutting process
- suitable for right and left-handed
- cutting wheel made of tungsten-carbide, Ø 20 mm, bore 5 mm
- cutting length: 670 mm
- tile thickness: 4-14 mm
- including:
  1 guide rail with angle fence, for repeat and diagonal cuts
  2 material supports, attachable to base plate
- packaging: covering box
- separate accessories: 5551000, 5552000, 5556000

article no.	EAN 4006885...	description	product dimensions	weight
5550000	...555006	1 TC 670 - tile cutter "Project"	530 x 400 x 1,015 mm	5.82 kg

8.6 Laying tiles

Professional tile cutting with innovative breaking technology

- robust and low-maintenance c-section guidance for clear and smooth scoring of tiles
- spring-loaded and non-slip, easy to clean load-bearing areas ensure an optimal breaking result
- heavy, non-slip and rigid metal design
- ergonomic handle
- cutting wheel made of tungsten-carbide, Ø 20 mm, bore 5 mm
- cutting length: 710 mm
- tile thickness: 3-14 mm
- including:
  1 guide rail with angle fence, for repeat and diagonal cuts
  1 cutting wheel made of tungsten-carbide, Ø 20 mm, bore 5 mm
- packaging: covering box
- separate accessories: 5551000, 5556000

article no.	EAN 4006885...	description	product dimensions	weight
5565000	...556508	1 TC 710 PM - tile cutter	255 x 125 x 930 mm	11.3 kg

Traditional-style cutting and breaking of tiles

- heavy, solid and stable design
- base plate manufactured from 18 mm multiplex
- smooth, clean cuts achieved thanks to a 20 mm cutting wheel and a c-section guide with low-maintenance ball bearings
- movable breaking wedge for breaking of tiles can be retracted when working on the base plate
- cutting length: 710 mm
- tile thickness: 3-14 mm
- including:
  1 guide rail with angle fence, for repeat and diagonal cuts
  1 cutting wheel made of tungsten-carbide, Ø 20 mm, bore 5 mm
- packaging: covering box
- separate accessories: 5551000, 5556000

article no.	EAN 4006885...	description	product dimensions	weight
5553000	...555303	1 TC 710 PW - tile cutter	255 x 125 x 930 mm	10.5 kg

8.6 Laying tiles

10

MADE IN EUROPE

Compact tile cutter on wooden base plate

- simple cutting of tiles, thanks to the c-section rails and two triple ball bearings
- integrated metal cone facilitates tile breaking
- perfect repeat and diagonal cuts thanks to the guide rail with stop
- stable, robust design on wooden base
- cutting length: 610 mm
- tile thickness: 3-10 mm
- including:
  1 guide rail with angle fence, for repeat and diagonal cuts
  1 cutting wheel made of tungsten-carbide (TC), Ø 15 mm, bore 6.1 mm
- packaging: covering box
- separate accessories: 5557000

article no.	EAN 4006885...	description	product dimensions	weight
5561000	...556102	1 TC 610 W - tile cutter	250 x 120 x 795 mm	5.5 kg

10

MADE IN EUROPE

- easy cutting: sliding cutting process for a continuous scoring pattern
- easy breaking: due to two cone tips (45° and 90 °)
- low-maintenance and precise guidance by synthetic plain bearings and oval rails
- stable and rigid base plate made of aluminium profile
- free view on the cutting process
- suitable for right and left-handed
- cutting wheel made of tungsten-carbide (TC), Ø 15 mm, bore 6.1 mm
- cutting length: 600 mm
- tile thickness: 4-10 mm
- including:
  1 stop rail, for repeat and diagonal cuts
  2 material supports, attachable to base plate
- packaging: covering box
- separate accessories: 5557000

article no.	EAN 4006885...	description	product dimensions	weight
5558000	...555808	1 TC 600 - tile cutter	240 x 240 x 780 mm	2.16 kg

8.6 Laying tiles

- easy cutting: sliding cutting process for a continuous scoring pattern
- easy breaking: due to two cone tips (45° and 90 °)
- low-maintenance and precise guidance by synthetic plain bearings and oval rails
- stable and rigid base plate made of aluminium profile
- free view on the cutting process
- suitable for right and left-handed
- cutting wheel made of tungsten-carbide (TC), Ø 15 mm, bore 6.1 mm
- cutting length: 460 mm
- tile thickness: 4-10 mm
- including:
  1 guide rail with angle fence, for repeat and diagonal cuts
  2 material supports, attachable to base plate
- packaging: covering box
- separate accessories: 5557000

article no.	EAN 4006885...	description	product dimensions	weight
5559000	...555907	1 TC 460 - tile cutter	240 x 240 x 640 mm	1.72 kg

- for cutting long tiles on tile cutters from the TC 670 series
- large contact surface enables straight cuts and angle cuts of up to 10° for wall levelling
- easy assembly
- max. cutting width: 350 mm
- angle cuts up to max. 10°
- cutting length: 670 mm
- adjustment of parallelism at a minimum of two measuring points using a separate measuring instrument
- packaging: folding box
- suitable for 5550000, 5555000

article no.	EAN 4006885...	description
5552000	...555200	1 parallel stop

8.6 Laying tiles

- material: Tungsten Carbide
- bore ø 6.1 mm
- packaging: blister on card
- suitable for 5558000, 5559000, 5561000

MADE IN EUROPE

article no.	EAN 4006885...	description	Ø
5557000	...555709	1 cutting wheel	ø 15 mm

MADE IN EUROPE

- bore ø 5 mm
- packaging: blister on card
- suitable for 5550000, 5553000, 5555000, 5565000

article no.	EAN 4006885...	description	material	Ø
5551000	...555105	1 cutting wheel	Tungsten Carbide, TIN coated	ø 20 mm
5556000	...555600	1 cutting wheel	Tungsten Carbide	ø 20 mm

Drilling tiles

- to transfer holes, openings, corners and contours on tiles - easy and accurate
- suitable for large format tiles (eg. 60 x 30 cm)
- sturdy plastic design - easy to clean
- version: consisting of drill guide, extension, angle gauge and scanner
- area of operations 300 mm, with extension 610 mm
- packaging: covering box

10

article no.	EAN 4006885...	description
5564000	...556409	1 drill guide for tiles

Removing tiles

- for tile joints (mortar) 2,5 - 6 mm
- depending on joint width one or two carbide tipped blades can be used
- the integrated roll stabilizes the lead in the joint and reduces the risk of damage to neighboring tiles
- easy changing of the TCT blades
- packaging: blister on card
- separate accessories: 5571000

article no.	EAN 4006885...	description	product dimensions
5570000	...557010	1 joint scraper	31 x 44 x 215 mm

- packaging: blister on card
- suitable for 5570000

article no.	EAN 4006885...	description
5571000	...557109	2 replacement blades for joint scraper

8.7 Door and door frame fitting

8.7 Door and door frame fitting

Door frame jig "Easy"

- supports the frame during foam filling and ensures sides are parallel
- firmly attached to the door frame: supports it during fitting and facilitates alignment
- for all doors with a width of 600 - 1000 mm
- packaging: paperboard card

article no.	EAN 4006885...	description
3675000	...367500	1 door frame jig "Easy"

Door frame assembly set "Pro"

The complete set for fitting a door frame.

- fitting and alignment of the door frame in just a few steps
- the frame is precisely aligned vertically and horizontally, and fixed into place
- supports the door frame perfectly during foam filling
- for all doors with a width of 600 - 1000 mm
- content:
  2 door frame jigs "PRO"
  2 door frame aligning clamps "PRO"
  4 shims
  1 manual
- packaging: covering box

article no.	EAN 4006885...	description
3676000	...367609	1 door frame assembly set "PRO"

Legend

TIN = Titanium nitride, compound of evaporated titanium and nitrogen

HSS-Co = High-speed steel with a high cobalt percentage (more than 5 %)

HSS = High Speed Steel

HM = Tungsten carbide tipped

WS = Tool steel

CV = Chromium Vanadium

BiM = BiMetal, flexible and hard

HCS = High Carbon Steel

HAS = High Alloy Steel

= 10 year guarantee

We provide a warranty of 10 years from the day of purchase on the wolfcraft product you acquired, provided it is exclusively used for DIY purposes.
The warranty only covers damage to the item purchased, and only such damage that can be attributed to faulty material und poor workmanship.
The warranty does not cover defects and damage that must be attributed to improper use or insufficient maintenance. Nor does the warranty cover the usual wear and tear as well as defects and damage, of which the customer has been aware when purchasing the equipment.

Warranty claims can only be asserted by producing the invoice or the till receipt.

The warranty granted by wolfcraft does not in any way restrict your statutory consumer rights (i.e. contract performance, withdrawal from the contract, price reduction, claims for damages or reimbursement of expenses).

Individual articles may be subject to technical changes.

Dimensions, colours as well as product images and descriptions may deviate from the original.
The content of the catalogue is subject to the above conditions.
